

# **HOUSING PROVIDER BULLETIN**

---

## **Ongoing Benchmark Change Request**

The Province has recently developed an Ongoing Benchmark Change Request process for housing providers who have experienced long term changes in their operational circumstances since their benchmarks were issued to request a benchmark change.

The Ministry of Municipal Affairs and Housing (MMAH) has already advised housing providers to complete a Request for Changes to Final Benchmark form and submit it to them for consideration. Housing providers have been asked to copy their Service Managers on their submission and have been advised that Service Managers will be copied on the Ministry's response.

If you intend to request a benchmark change, please contact your Program Co-ordinator at the Region to discuss before submitting your request to the Ministry.
