

NOTICE OF CONSTRUCTION

**ANSNORVELDT PUMPING STATION:
AUTOMATIC BACK-UP GENERATOR UPGRADES SYSTEM
TOWNSHIP OF KING**

The Regional Municipality of York (York Region) is upgrading the standby power at the Ansnorveldt Pumping Station, 19106 Dufferin Street in the Township of King. The existing generator and associated power distribution system will be upgraded to meet the future needs of the Ansnorveldt water distribution system and its associated emergency response requirements.

Construction is scheduled to begin during the first week of August, 2011 and is expected to be complete by the end of December, 2011. It is anticipated that there will be minimal to no disruption to nearby residences during construction.

As part of the public notification process, this notice will be hand delivered to nearby residents, as well as placed on York Region's website, www.york.ca under Public Notices. If you wish to receive more information or submit comments, please contact:
