Planning for Tomorrow

York Region Growth Management

Towards A Sustainable Region
Creating Strong, Caring, Safe Communities

Feedback

- How does the Region plan to accommodate people beyond the 12.8 year land supply?
- Need to extend subway to Vaughan.
- Why not build more roads before houses?
- Why different buses: Go, YRT & VIVA?
- Why not add new toll highways?
- Are all bus routes unique or do some overlap?
- Is the Region working with GO to plan future services?
- Important to route buses where people need to go.
