

## *Come Grow with Us*

### **Health information for child care providers from York Region Community and Health Services**

Child care providers are entrusted with the important task of providing child care services for our children. This requires many skills, information and much dedication. It also requires collaboration with parents and service agencies.

Parents, child care providers and York Region Community and Health Services all have the same goal: to ensure that our children are well cared for in a safe and healthy environment.

*Come Grow with Us (CGWU)* provides two resources to assist child care providers in their role in achieving this goal.

The 2008 edition of the *Come Grow with Us* manual and subsequent updates will be provided on the York Region CGWU website [www.york.ca/comegrowwithus](http://www.york.ca/comegrowwithus) as of August 2008. Reference (paper) copies will only be available at your local library or Ontario Early Years Centre. See reverse for a list of locations.

The *Come Grow with Us* newsletter is produced four times per year. Visit the York Region CGWU website [www.york.ca/comegrowwithus](http://www.york.ca/comegrowwithus) to access information that supplements the manual.

Notification of updates to the manual and quarterly newsletters can be automatically received by inserting your email address in the Come Grow with Us E-Bulletin subscription box on the York Region CGWU website [www.york.ca/comegrowwithus](http://www.york.ca/comegrowwithus)

Call York Region *Health Connection* at 1-800-361-5653 for more information.
