

Recommendation Number	Regional Council Recommendation	Changes to Plan Undertaken
1	Provincial Growth Management Plan proceed at the same time as the Greenbelt Plan	✓ Draft Growth Plan released the week before the Greenbelt Plan
2	Deadline for adoption of conformity amendments of approximately 3 years for upper tier plans and 4 years from lower tier plans.	✗ No action taken by the Standing Committee
3	Amendment approval process similar to that used in the ORMCP exercise, with the Ministerial decision not subject to appeal to the OMB	✗ No action taken by the Standing Committee
4	Extend protection from liability to members of Municipal Councils in the same manner as Executive Council.	✗ No action taken by the Standing Committee
5	Prescribe provisions relating to transition applications before the Greenbelt Plan is approved	✓ Transition provisions contained in both Act and Plan and Minister passed transition regulations when Plan was released
6	Require a resolution agreeing to the Amendment from at least the upper tier Council in the Region or County where the amendment is proposed, before an amendment is approved.	✗ No action taken by the Standing Committee
7	The Greenbelt Plan and Growth Management Plan contain provisions to prevent “leap-frogging” of development north of the Greenbelt Plan. For example to proposed developments in the new Bradford- Bond Head community.	✓ ✗ Greenbelt Plan does not contain provisions, but Draft Growth Plan does not permit additional

		development in area north of the greenbelt except for Urban growth centre in Barrie
8	The Greenbelt Plan permit strategically located employment lands in areas such as the 400 series highway corridor,	✗ Does not specifically permit
9	Exclude the Keswick Business Park Study Area from the Greenbelt Plan to permit the Regional and Local Planning process to proceed.	✓ Policies may permit expansions for municipally initiated plans and studies
10	Policy 5.6, requiring no reduction in total land area of the Greenbelt Plan be modified, in so far as it deals with York Region, to permit minor settlement expansions and necessary amendments to the Greenbelt Plan.	✓ Plan now permits minor expansions to settlement areas
11	Infrastructure financing and approvals and a streamlined Environmental Assessment process be provided	✗ Not included
12	Policy 3.4.1 be modified by deleting reference to communities fully within the Oak Ridges Moraine (King City and Stouffville), or that Section 3.4 be modified to more fully explain the prevailing policy regimes in communities listed.	✓ Infrastructure Policies clarified appropriately
13	Permit the extensions or expansions of Great Lakes based water and sewer systems in the event of a public health or safety issue	✓ Permitted specifically, Infrastructure Policies clarified appropriately

14,15	Delete phrase “in some instances” on lines 6 and 7 of the second bullet point of Section 4.2.1 and Either the term “Sustainable” in the first bullet point of Section 4.2.2 be deleted, or that the entire phrase “Sustainable sewer and water servicing” be defined in the Plan definitions section.	✓ Infrastructure Policies clarified appropriately
16	Clarify that infrastructure will be required and built through Greenbelt components, including the Rouge Park and Rouge North Management Plan area.	✓ Infrastructure Policies clarified appropriately
17	The Greenbelt Plan natural feature protection policies be similar to those contained in the ORMCP	✓ Plan changed to include
18	Prior to finalization of the Greenbelt Plan, the Province act on the recommendations of the GTA Agricultural Action Plan.	✗ Not included
19	Prior to approval of the Greenbelt Plan, a financial impact assessment be undertaken to determine the costs to area municipalities and their taxpayers.	✗ Not included
20	The Province re-examine the Greenbelt designation in the City of Vaughan and limit the Greenbelt designation to those lands currently in public ownership, or which are a part of the natural heritage system, designated in OPA 600 and OPA 601 the Kleinburg Nashville Community Plan, and remove the Greenbelt Designation from the lands designated as Rural Use Area and Agricultural Area in OPA 600.	✓ ✗ Plan designations reexamined, and modified, but designations not limited to public open space lands. Area of land included in final greenbelt approx 30 ha less than Draft Greenbelt

21	The Province clarify the designations of the Greenbelt Plan in Richmond Hill and Markham along the Rouge River	✓ Plan changed to include additional lands along Rouge Tributaries in Richmond Hill and Markham and Rouge North Management Plan policies referenced
22	That Community Plan boundaries be used to define "Settlement Areas within the Protected Countryside.	✓ Plan changed to include
23	Regional staff in consultation with area municipal staff continues to discuss mapping issues with the Province to ensure consistency in depiction and policy application.	✓ Plan changed to include
24	That Section 4.2.1 of the Greenbelt Draft Plan be modified to specifically permit priority transportation and infrastructure projects, including but not limited to, extensions of Highway 404 and Highway 427 and the Bradford By-pass and water and sewer serving projects including the completion and construction of the South-East Collector and Upper Leslie Trunk Sewer through the Greenbelt and Oak Ridges Moraine in York Region.	✓ ✗ Not specifically included but infrastructure policies clarified
