<b>Total Growth (2016-2031)</b>		<b>134,000</b>		<b>54,000</b>

SOURCE: York Region Planning Department, 2005.

All figures are mid-year.

A. Intensification forecast spans from mid-year 2006 to mid-year 2031.

B. Based on Hemson Compact Growth Scenario for the Greater Golden Horseshoe (GGH), with the exception of 2005 which is based on York Region Household Estimate June 30, 2005, York Region Planning Department.

C. Based on Total Region Units, Column B.

D. Based on current intensification estimations (2006-2031) and the expected 40% intensification target (2015) for York Region. All intensification targets for other years have been interpolated.

E. Calculated as annual unit growth multiplied by the intensification target for the specified year.
