

The Regional Municipality of York

NOTICE OF FILING OF ADDENDUM NO. 2

Revised Class Environmental Assessment and Water Resource Exploration for Water Supply and Storage in the Community of Nobleton Township of King

The Regional Municipality of York (York Region) completed a Class Environmental Assessment (Class EA) study in September 2007, which was subsequently revised by an addendum in November 2008, identifying a preferred solution and design concept for the provision of additional water supply and storage capacity to meet the approved planned growth of the Community of Nobleton (Project). A York Region review of the Project has determined the preferred elevated water tank size should be increased from 1.1 million litres to a minimum of 1.8 million litres to yield an economic benefit, as well as operational and system security benefits. Documentation of the review titled Addendum 2 to the Class EA and Water Resources Exploration for Water Supply and Storage in the Community of Nobleton (Addendum) has been added to the Project File.

The Class EA was conducted and revised under Schedule B of the Municipal Class Environmental Assessment (October 2000, amended in 2007)).

Subject to comments received as a result of this Notice and the receipt of any necessary approvals, York Region intends to proceed with the detailed design and subsequent construction as documented in the Addendum.

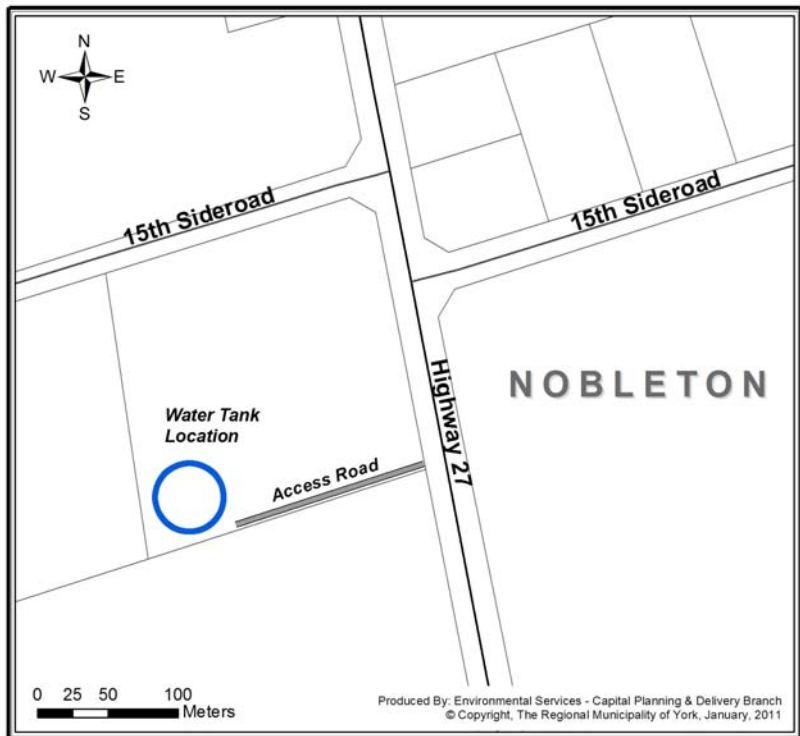

This Notice provides notification of an amendment to the previously completed and approved Class EA as outlined in the referenced Addendum. The Addendum is available for public review for a 30-day period ending April 1, 2011, at the following locations:

Table with 3 columns: The Regional Municipality of York Clerk's Department, Township of King Clerk's Department, and Nobleton Public Library Front Desk. Each column lists the address and hours of operation.

York Region invites your input and questions on the Addendum. Requests for further information, as well as comments or inquiries on the Addendum will be accepted until April 1, 2011 and should be directed to:

Nick Colarusso, M.Eng., P.Eng. Senior Project Manager. The Regional Municipality of York Capital Planning & Delivery Branch Environmental Services Department. 17250 Yonge Street Newmarket, Ontario L3Y 6Z1. Phone: 1-877-464-9675 ext. 5065. Fax: 905-830-6927. Email: nick.colarusso@york.ca

If concerns arise regarding this Addendum, which cannot be resolved through discussions with York Region, a person or party may request the Minister of the Environment issue a Part II Order in respect of the subject matter of this Addendum. A Part II Order request must be received by the Minister at the address below, no later than April 1, 2011.

The Honourable John Wilkinson Minister of Environment 77 Wellesley Street West, 11th Floor, Ferguson Block Toronto, Ontario M7A 2T5

A copy of the Part II Order request shall be sent to:

The Regional Municipality of York Clerk's Department 17250 Yonge Street Newmarket, Ontario L3Y 6Z1

Thank you for your participation in the study.

This notice is issued on March 2, 2011.
