- 3. The Financial Control Checklist, a new requirement in 2016, be received by the Board of Health.

Report dated September 20, 2017 from the Commissioner of Community and Health Services and Medical Officer of Health now follows:

1. Recommendations

It is recommended that:

- As the Board of Health for York Region, Council receive and approve the Certificates of Settlement for Public Health Programs for the 2016 fiscal year.
- 2. The Regional Chair and Medical Officer of Health sign the Certificates of Settlement for submission to the Ministry of Health and Long-Term Care and Ministry of Children and Youth Services.
- 3. The Financial Control Checklist, a new requirement in 2016, be received by the Board of Health.

2. Purpose

This report was prepared for Council in order for it to carry out its legislative duties and responsibilities as a Board of Health under the *Health Protection and Promotion Act* (the Act).

The Ontario government requires that separate audited financial returns for various Public Health Programs be reviewed and approved by Regional Council in its capacity as the Board of Health.

3. Background

The Ministry of Health and Long-Term Care and the Ministry of Children and Youth Services provide year-end settlement packages and instructions for completion annually to service providers. Upon completion, the settlement packages are forwarded to an external auditor for review and then forwarded to the Board of Health for their approval. For the 2016 fiscal year, the settlement packages were received in April 2017. The audit engagement was scheduled and conducted during July and August 2017.

Financial audits have been completed by the Region's audit firm, KPMG-LLP, for the fiscal year ended December 31, 2016. Copies of the Certificates of Settlement and Annual Reconciliation Report are appended as Attachments 1 and 2. The affected programs are:

- 1. Program-Based Grants Funded Public Health Programs
- 2. Healthy Babies Healthy Children Program

In 2016, a new requirement was introduced by Ministry of Health and Long-Term Care. Boards of Health are required to submit a Financial Controls Checklist to the Ministry of Health and Long-Term Care. The Financial Controls Checklist has been completed by the Region's Finance Department and appended as Attachment 3.

4. Analysis and Implications

Public Health programs were managed within Regional budget approval

The Board of Health is required to deliver mandatory and related Public Health programs and services in accordance with the *Ontario Public Health Standards* and the *Health Protection and Promotion Act.* These programs include Child and

Family Health, Dental and Nutrition, Health Protection, Epidemiology and Research, Healthy Lifestyles, Health Connections, Infectious Diseases Control and Public Health Emergency Planning.

The Ministry of Health and Long-Term Care provides funding for these mandatory and related Public Health programs through an annual subsidy allocation. Although the subsidy is primarily comprised of 75 percent cost share funding (where the Region must contribute 25 percent), there are a number of small programs and one-time funding initiatives that receive 100 percent provincial funding. In 2016, the maximum subsidy allocation for York Region was \$44,293,100. This was comprised of \$38,196,800 in 75 percent cost share funding for mandatory and related programs, and \$6,096,300 of 100 percent funding under related programs. The amount received from the ministry was \$44,348,035.

Table 1 summarizes the financial results for the Public Health Programs funded by Program-Based Grants in 2016.

Table 1
Public Health Program-Based Grants

	Amount Received from the Ministry of Health and Long-Term Care	Subsidy Claimed	Difference between Received and Subsidy
Mandatory Programs @ 75%	\$37,730,300	\$37,730,300	-
Related Programs @ 75%	466,500	466,500	1
Related Programs @ 100%	6,151,235	6,038,701	112,534
Total Public Health Programs	\$44,348,035	\$44,235,501	\$112,534

The difference between the maximum eligible subsidy claimed and the amount received from the ministry is \$112,534. This difference of \$112,534 relates to fewer dental claims for 2015 received in 2016, within the program transition timeframes. Funding received in excess of the eligible claims will be returned to the Ministry of Health and Long-Term Care.

The Healthy Babies Healthy Children Program has been managed within Regional budget approval for Public Health Programs

The Healthy Babies Healthy Children Program is a mandatory 100% provincially funded program. It is a preventative early intervention program intended to improve the well-being and long-term prospects of children.

In 2016, the Healthy Babies Healthy Children Program received \$4,401,635 in provincial funding, and all funds were expended.

Total program allocation of \$4,401,635 was approved by the Ministry of Children and Youth Services. The Healthy Babies Healthy Children direct program costs are 100% subsidized by the Ministry up to the approved allocation of \$4,401,635.

The actual expenditures for 2016 were \$5.29 million, which exceeded the provincial subsidy allocation by \$0.89 million. Provincial funding for the Healthy Babies Healthy Children program was capped at \$4.25 million since 2009, with the addition of \$150,000 in funding for the 9,000 Nurses Initiative since 2012 and one-time funding of \$20,000 in 2014. In 2015, the Province amended the base funding to \$4.4 million to include the funding for the 9,000 Nurses and the one-time grant. Actual costs over and above the approved provincial allocation have been supported through the approved Regional tax levy for Public Health Programs.

5. Financial Considerations

Each year, Regional Council approves the annual operating budget which includes an estimated provincial funding amount for all Public Health Programs. In September 2016, the Province advised that the approved funding allocation for all Public Health Programs in 2016 was \$48.69 million (\$44.29 million for program based grants and \$4.4 million for Healthy Babies Healthy Children). Eligible provincial funding amounts are determined on a program by program basis subject to individual program eligibility and funding limits.

In 2016, \$48.64 million or 99.88 percent of the approved \$48.69 million provincial allocation was applied against the actual eligible Public Health Program expenditures.

The total 2016 approved Regional budget for the Public Health branch was \$60.76 million in expenditures planned to be funded by \$47.85 million in estimated provincial funding, \$0.54 million in fees and charges, and a net tax levy of \$12.37 million. The actual provincial funding exceeded the budgeted \$47.85 million by approximately \$0.79 million, which reduced the tax levy requirement.

6. Local Municipal Impact

There are no local municipal impacts associated with this report.

7. Conclusion

The Ontario Government requires the attached financial returns be received by the Regional Council in its capacity as the Board of Health and signed by the Regional Chair and the Medical Officer of Health. The Board of Health is responsible for ensuring the provision of Public Health Programs.

In making those risk assessments, we consider internal control relevant to the entity's preparation of the Report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
