*Kennedy Road Environmental Assessment between
Steeles Avenue and Major Mackenzie Drive*

May 18, 2017

**RE: Improvements to Kennedy Road from Steeles Avenue to Major Mackenzie Drive, City of Markham
Class Environmental Assessment Study
Notice of Commencement**

Dear First Nations Representative,

The Regional Municipality of York (York Region) is initiating a Municipal Class Environmental Assessment Study (Class EA) to review the current and future transportation needs for Kennedy Road. The study area is Kennedy Road between Steeles Avenue and Major Mackenzie Drive, in the City of Markham.

York Region has retained HDR Corporation to undertake this Class EA. This letter includes information about the study and details on how you can get involved in the process.

The study is being conducted in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineer Association's Class EA document (October 2000, as amended in 2007, 2011 and 2015). A Notice of Commencement is attached for your reference.

The Class EA Study will:

- Review existing conditions and future transportation needs along the corridor;
- Identify opportunities for improvement and offer possible solutions;
- Collect and assess input and feedback from residents and affected stakeholders within the study area.

Please advise the Project Team of your interest in this study by responding to this letter (contact information provided below) with the following information by **June 1st, 2017**.

- The representative from your community / organization who will participate as part of the study;
- Initial comments and feedback related to the study that should be considered as the project advances;
- If you would like to be removed from the Project Contact List because your community / organization has no concerns.

Please be advised that in association with this letter to your community / organization, we have issued letters to the following First Nation communities / organizations:

- Alderville First Nation
- Curve Lake First Nation
- Hiawatha First Nation
- Mississaugas of Scugog Island First Nation
- Huron-Wendat Nation

Should you wish to submit feedback or receive more information throughout the course of the study, please contact the undersigned.

Edward Chiu, Senior Project Manager
Phone: 1-877-464-9675 ext. 75908
Email: Edward.Chiu@york.ca

We look forward to working with you throughout this study.

Class Environmental Assessment Study
Notice of Open House Two**

Dear Sir / Madam,

Background

The Regional Municipality of York is conducting a Schedule 'C' Municipal Class Environmental Assessment (EA) Study for improvements to Kennedy Road, between Steeles Avenue and Major Mackenzie Drive, in the City of Markham. The Study will address current and future transportation needs for pedestrians, cyclists, transit users and motorists.

In February 2018, we hosted the first series of open houses to provide information on the following:

- The approved Transportation Master Plan (2016), which included:
 - Problems and opportunities
 - Alternative solutions considered
 - Preferred alternative solution (widen to six lanes to accommodate transit and high occupancy vehicle (HOV) lanes)
- Preliminary design concepts that will be considered to form the recommended plan
- Preliminary evaluation criteria to determine the recommended plan

The evaluation is now completed and a recommended plan is available to receive your input.

Invitation to Open House Two

York Region will be hosting open houses on November 25 and December 2, 2019 in the City of Markham to provide area residents, businesses and interested stakeholders with an update on the Study and a review of the recommended plan.

You are invited to attend an open house to review the recommended plan, speak with the project team and provide your feedback. See the enclosed notice for more details on the open houses. If you cannot attend, you may also visit the Kennedy Road Project at www.york.ca/kennedyroad to review the presentation slides and provide comments (available on the first day of the open house).
