

Disruption Alert

Friday, June 17, 2022

Construction and Temporary Road Closure — Hillside Avenue at Highway 7 Thursday, June 23 at 6 a.m. to Thursday, June 30 at 7 p.m.

Due to watermain construction (weather permitting), access to Hillside Avenue to and from Highway 7 will be temporarily closed from Thursday, June 23 at 6 a.m. to Thursday, June 30 at 7 p.m.

This necessary municipal infrastructure work – to replace the existing watermain on Highway 7 from Keele Street to Hillside Avenue – requires a temporary road closure on Hillside Avenue at Highway 7 to complete the work as safely and efficiently as possible.

In the event of inclement weather or unfavourable site conditions, the temporary closure and work will be rescheduled and/or extended as required.

Please note:

- Some construction will take place overnight to complete the work safely and to minimize disruption to the community.
- Traffic detours will be in place during the closure with vehicular access to and from Hillside Avenue available via Baldwin Avenue.
- Eastbound lane reductions will be required on Highway 7 during this phase of construction.

This work will be carried out by the City-retained contractor, Four Seasons Site Development Ltd., under the direction of the City's Infrastructure Delivery department.

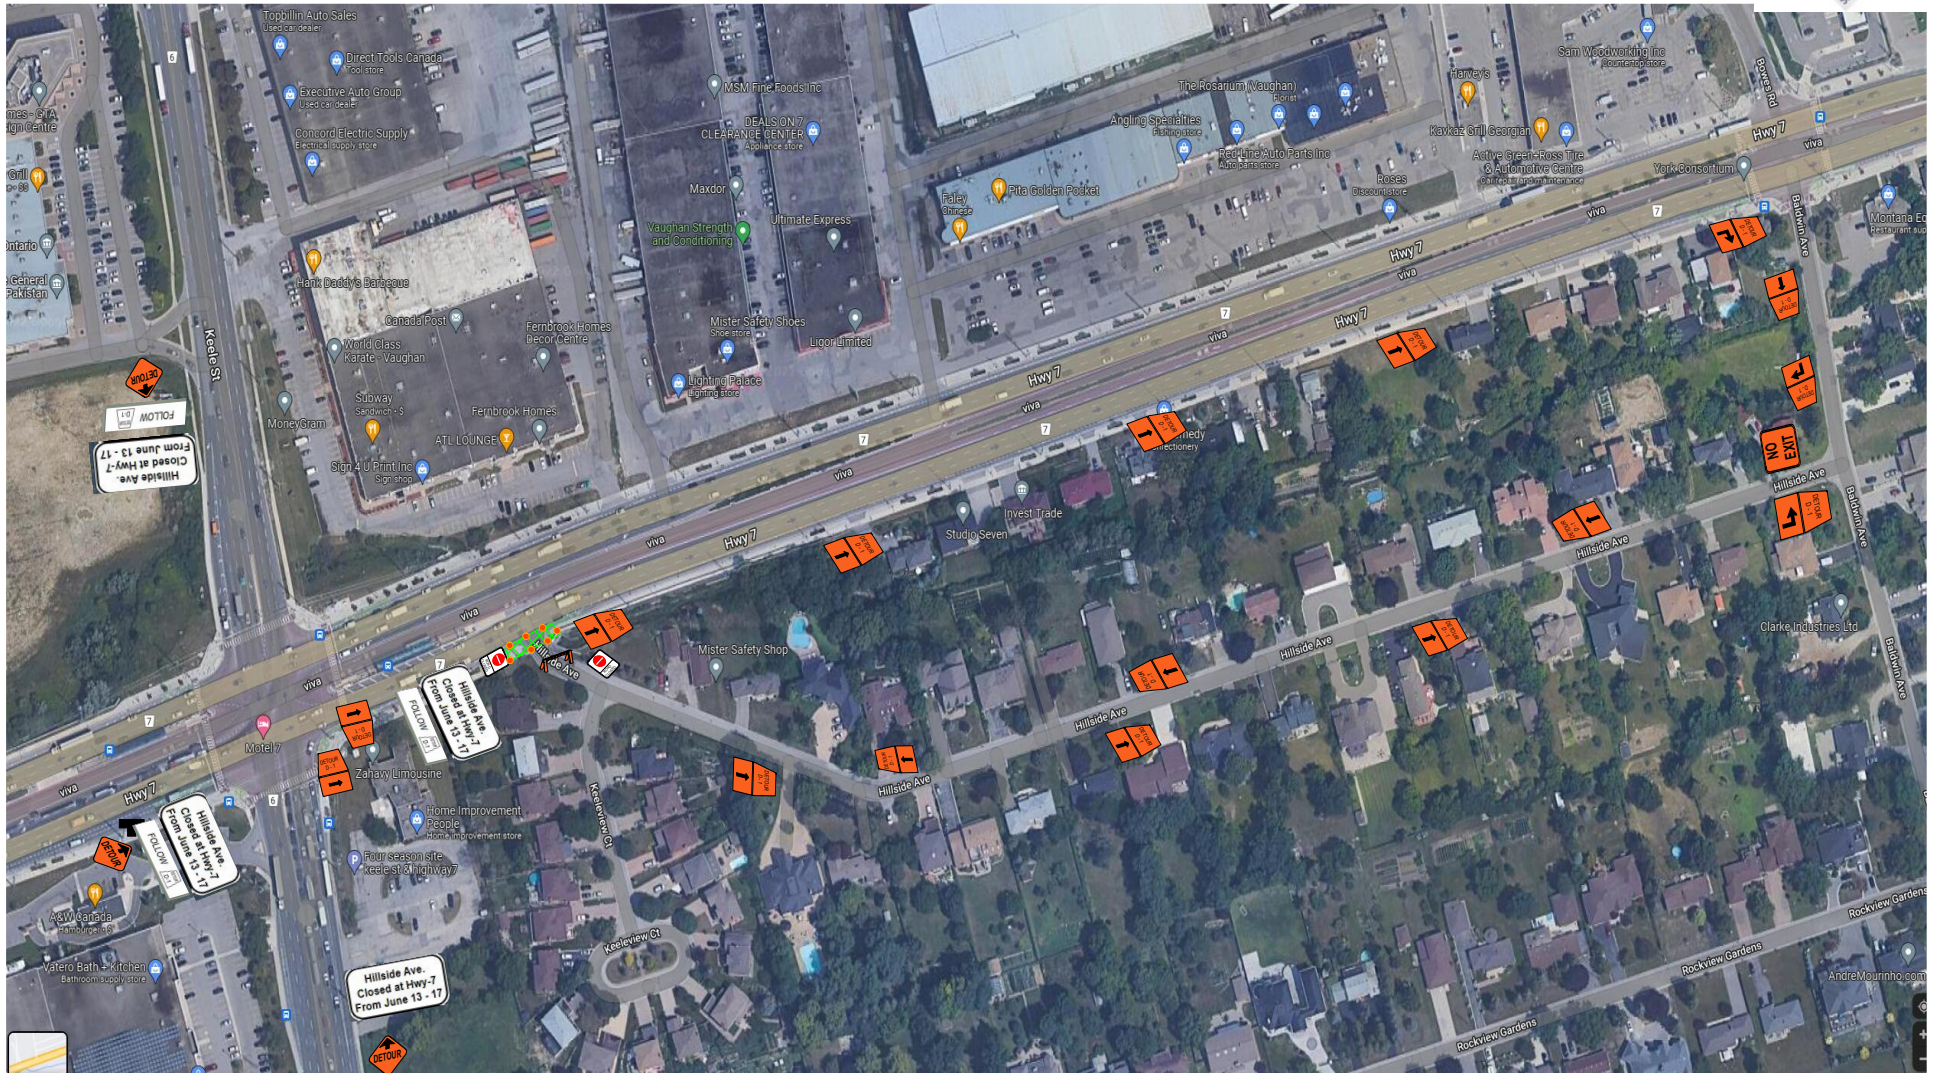

For questions regarding this notice and the overnight construction work, please contact:
