

# Exemption Forms for Children Attending a School or Licensed Child Care Centre

Updated October 2023

## Students Attending School

There are two types of immunization exemptions available:

- **Medical** – A [Statement of Medical Exemption Form](#) may be requested when a child is not able to receive an immunization due to medical reasons, or
- **Non-medical** - [A Statement of Conscience or Religious Belief Form](#) may be requested when a parent/guardian chooses not to immunize a child due to religious beliefs or conscience objects. A Commissioner of Taking Affidavits must sign this form.

## Mandatory Immunization Education Session (for a non-medical exemption)

Under the [Immunization of School Pupils Act](#) (ISPA), Ontario parents and guardians who choose not to immunize their child for **non-medical reasons** are **required to attend** an immunization education session and complete a non-medical form. York Region Public Health offers immunization education sessions for residents through a virtual, web-based video conferencing session (the sessions are no longer held in person).

To book an immunization education session, please click [here](#). A representative from York Region Public Health may contact you by phone or email regarding education session registration. If you have any questions regarding the education session, please call 1-877-464-9675 ext. 73452.

When you complete an ISPA vaccine education session, you will receive the education certificate by encrypted email from [imms1@york.ca](mailto:imms1@york.ca) three to five business days after completing the session. If you do not consent to receive the certificate via email, please contact [imms1@york.ca](mailto:imms1@york.ca)

For more information on immunization exemptions, contact York Region Public Health at 1-877-464-9675, ext. 73456.
