

## Bethesda / Leslie Intersection Reconstruction and Re-Alignment (Phase #2)

### Planned Work

The scope of work includes excavation, grading, ditching, granular material placement, asphalt paving, illumination, road signage and line painting to reconstruct the Bethesda/Leslie intersection and re-align Bethesda Sideroad.

The Phase #2 construction is scheduled to begin in August 2023 and to be completed by end of 2023.

### Impact on Local Residents

Roads will remain open to vehicular traffic during construction. Temporary traffic diversions will be required at times to allow construction to be undertaken in a safe and efficient manner. A short road closure is expected and notification will be provided prior to. Thank you for your patience during construction.
