

Notice of Open House #2

Municipal Class Environmental Assessment Study

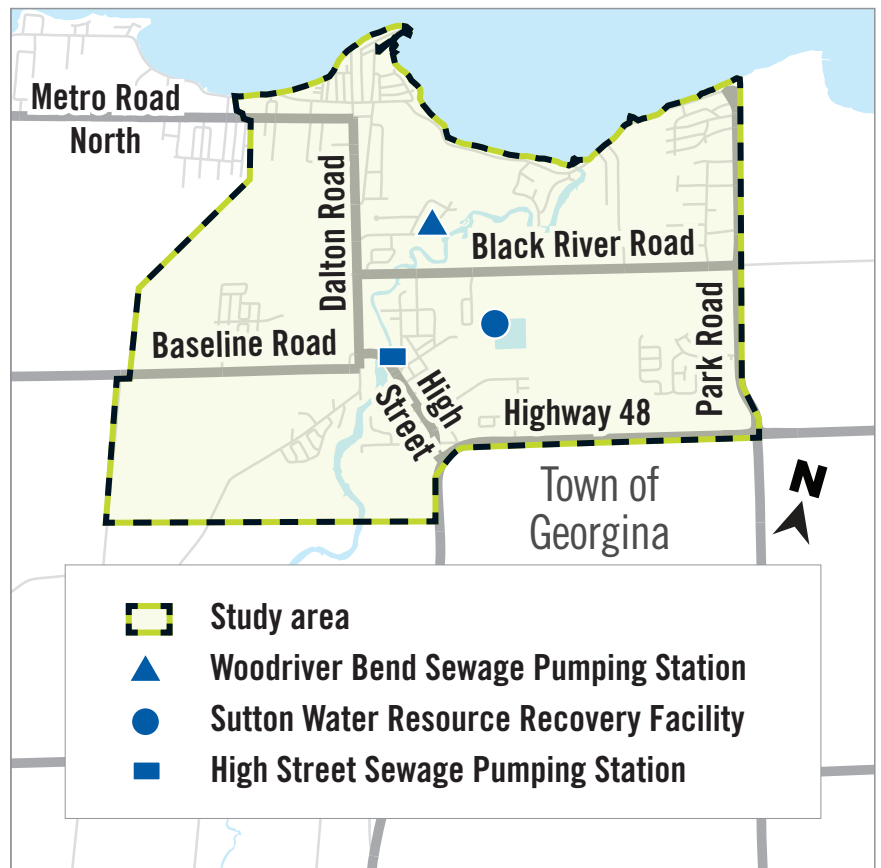

The Regional Municipality of York is conducting a Municipal Class Environmental Assessment (Class EA) Study - Schedule B, to explore wastewater systems and servicing needs for the community of Sutton, in the Town of Georgina. The study focuses on the High Street and Woodriver Bend Sewage Pumping Stations and the Sutton Water Resource Recovery Facility.

The study considers facility upgrades and evaluates new locations or expansions to ensure reliable wastewater servicing for residents and businesses for the next 30 years.

We want to hear from you!

You are invited to take part in the second open house to learn about the project and provide the project team with your comments on:

- Options for managing wastewater servicing
- Recommendation of wastewater servicing

OPEN HOUSE #2

When: Wednesday, July 9, 2025 between 6 p.m. and 8 p.m.

Where: Kin Community Hall, 3 Fairpark Lane, Town of Georgina, ON L0E 1R0

Information about the study and the open house is posted on york.ca/EA and on York Region's Facebook and X channels.

An accessible version of this notice is available upon request. This notice was issued on June 25, 2025.

Personal information submitted (e.g., name, address, and phone number) is collected, maintained, and disclosed under the authority of the *Environmental Assessment Act* and the *Municipal Freedom of Information and Protection of Privacy Act* for transparency and consultation purposes. With the exception of personal information, all comments received will become part of the public record. Thank you for your interest in these studies.
