

Dear Property Owner:

York Region is improving York Durham Line from Bethesda Sideroad to 14th Avenue in the Town of Whitchurch-Stouffville and the City of Markham.

To complete the removal and replacement of the existing asphalt road surface and replace culverts, a series of road closures are required.

For phase three of the project, York Durham Line from Elgin Mills Road East to north of 19th Sideroad will be closed from 7 a.m. on Tuesday, August 12, 2025 to 7 p.m. on Tuesday, September 2, 2025.

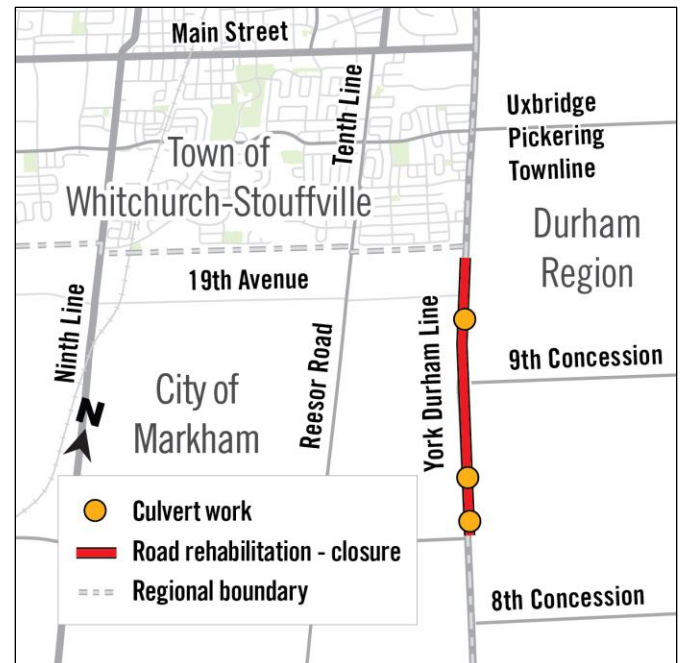

Through traffic is not permitted during the closure but local traffic will continue to have access to their properties during the closure.

Driveway access may be temporarily interrupted while culverts are replaced. Residents will be informed in advance of any disruption.

Residents are reminded to obey all work zone signs in active work sites for the safety of all.

Residents are asked to have their garbage and recycling to the curb before 7 a.m. on their regular collection day as vehicles will be permitted to collect before construction begins at 7 a.m.

Project updates will continue to be posted at york.ca/YorkDurhamLine and on York Region's social media channels. If you have any questions or concerns, staff will be pleased to respond. Contact us using any method noted below and reference "Contract 25-156".
