

# NOTICE OF ONLINE OPEN HOUSE #3

## Municipal Class Environmental Assessment Study Water and Wastewater Servicing in the Nobleton Community

In the Township of King

July 6, 2021

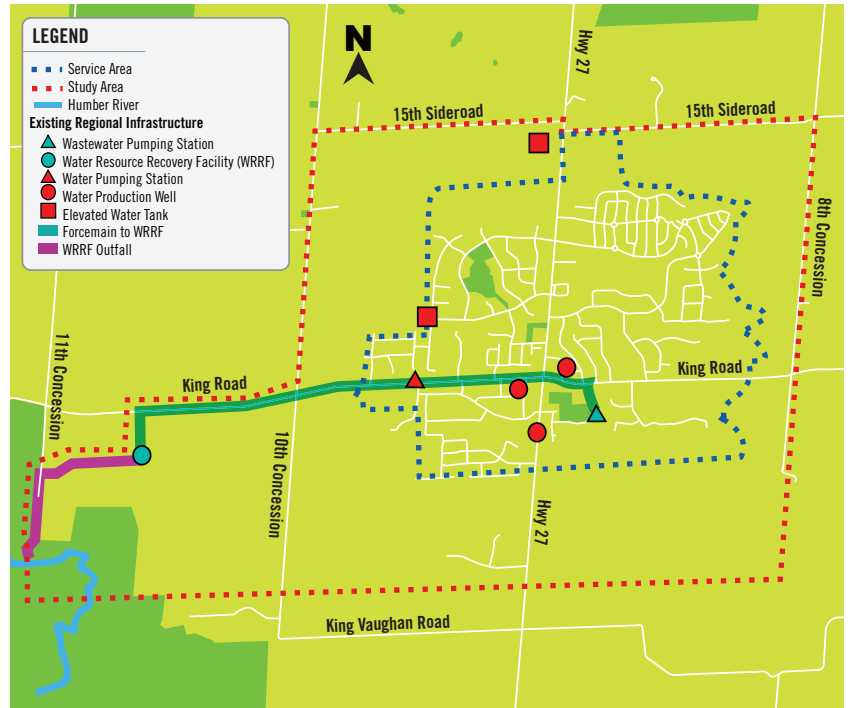

The Regional Municipality of York is identifying long-term water and wastewater servicing options for the Nobleton community through a Schedule C Municipal Class Environmental Assessment (Class EA) Study. The Class EA solutions will support growth in the community and optimize the use of existing Regional infrastructure.

The alternative design options for water and wastewater servicing presented in Open House #2 have been reviewed. Based on results of the technical studies and feedback from the public and stakeholders, preferred design solutions for both water and wastewater servicing in Nobleton have been selected.

### WE WANT TO HEAR FROM YOU!

York Region invites you to attend the third open house to review and provide your feedback on:

1. Preferred design concepts for water and wastewater servicing that were considered
2. Recommended solutions to support forecasted growth in Nobleton
