#### 1. Legislative Framework

a) Installment Payments under section 26.1 of the Act

Under subsections 26.1(1), (2) and (3) of the Act, development charges will be paid in equal annual instalments, beginning at the earlier of first occupancy or occupancy permit under the *Building Code*, *Act*, 1992, for:

- Rental housing development
- Institutional development
- b) Interest under section 26.1 of the Act

Subsection 26.1(7) of the Act allows a municipality to charge interest on the instalments from the date the development charges would have been payable, under section 26 of the Act, to the date the instalment is paid, at a rate not exceeding the maximum interest rate determined in accordance with subsection 26.3 of the Act.

c) Development Charge Freeze under section 26.2 of the Act

Under subsection 26.2(1) of the Act, the total amount of a development charge is determined under the Region's Development Charge Bylaw on:

- i) The day an application for an approval of development under subsection 41(4) of the Planning Act was made, or
- ii) If clause (i) does not apply, the day an application for an amendment to a bylaw passed under section 34 of the Planning Act was made.
- d) Interest under section 26.2 of the Act

Under subsection 26.2(3) of the Act, a municipality may charge interest on the development charge from the date of the application referred to in clause c(i) or c(ii) to the date the development charge is payable, at a rate not exceeding the maximum interest rate determined in accordance with subsection 26.3 of the Act.

e) Maximum Interest Rate under sections 26.1 and 26.2

The rules for determining the maximum interest rate are prescribed under section 26.3 of the Act. The maximum interest rate being the average prime rate, as defined under the Act, plus 1%.

## 2. Interest Rate Charged

The interest rate that shall be charged is the maximum interest rate permitted under section 26.3 of the Act, at the time a "Development Charges Rate Certificate" is executed. This rate shall be used for the duration of the agreement, save and except instances where a subsequent application for the same development has been made or where the development qualifies under section 26.1 of the Act. If section 26.3 is repealed, an interest rate of 5% will be used.

For any developments that were issued a "Development Charges Rate Certificate" on, or after June 1, 2022, and prior to the date this revised policy comes into effect, and so long as a subsequent application is not made, an interest rate, the lower of the maximum permitted rate under section 26.3 of the Act and 5% shall be used until the development charges are fully paid. For these developments, in the event a subsequent application is made, the interest rate that shall be charged is the maximum interest rate permitted under section 26.3 of the Act.

A rate of 0% will be used for payments under section 26.1, beginning at building permit, for developments that qualify and have taken advantage of a Regional development charges incentive and/or relief, current or future. For those developments under section 26.1 that do not qualify and do not take advantage of a Regional development charges incentive and/or relief, current or future, the interest rate that shall be used for the first installment payment is the maximum interest rate permitted under section 26.3 of the Act, at the date the development charges would

have been payable (i.e., build permit issuance by the local municipality). The interest rate that shall be used for each subsequent installment payment shall be reset at the date of subsequent installment payments and capped at the maximum interest rate permitted under section 26.3 of the Act at the date the development charges were payable (i.e., building permit issuance).

## 3. Compounding/Simple Interest and Prorating:

For any developments that executed a "Development Charges Rate Certificate", prior to November 28, 2022, interest will be compounded annually and will accrue from the date of the applicable application until November 28, 2022. As at that date, simple interest will accrue.

For any developments that execute/executed a "Development Charges Rate Certificate", on, or after, November 28, 2022, simple interest will accrue from the date of the applicable application until the date the total accrued amount is fully paid.

In either case, a 365-day calendar year will be used for the purposes of prorating.

#### 4. Transition

To allow for a transition period, this policy does not apply to any development where:

- a) An application under sections 34 or 41(4) of the Planning Act is not required, but:
  - Still qualifies for instalment payments under section 26.1 of the Act, and
  - Has been issued a building permit for development by a local municipality prior to July 1, 2020
- b) An application under subsection 41(4) of the Planning Act is:
  - Made after January 1, 2020, and
  - Has been issued a building permit for development by a local municipality prior to July 1, 2020

- c) An application for an amendment to a bylaw passed under section 34 of the Planning Act is:
  - Made after January 1, 2020, and
  - Has been issued a building permit for development by a local municipality prior to July 1, 2020

#### 5. Grace Period

Where the local municipality has provided certification and a grace period for the payment of the total accrued amount payable, the Region <u>may</u> provide a grace period matching that of the local municipality, but <u>not to exceed 14</u> calendar days.

For greater clarity, this grace period, if provided, would only apply to the total accrued amount payable under section 26.2 of the Act.

In the event a grace period is provided by the Region, and the total accrued amount payable is <u>not</u> paid within this time, the new total accrued amount payable will include the number of days in the grace period and no further grace period will be provided.

#### 6. Publication and Notification

Upon Council approval, this policy will be made available on the Region's development charges website.

#### 7. Effective Date

This revised policy will take effect the day it is passed by Regional Council and may be repealed by the Region at any time.
