

TABLE OF CONTENTS

1.0 Introduction

- 1.1 Background / Context
- 1.2 Purpose Of The Master Plan Update
- 1.3 Vision and Goals
 - 1.3.1 Vision
 - 1.3.2 Goals
- 1.4 Preliminary Master Plan Process

2.0 Conceptual Streetscape Update Options

- 2.1 Philosophy and Approach
 - 2.1.1 Process of building the Design
- 2.2 Brief Description of the Approved 2012 Streetscape Concept
 - 2.2.1 Approved 2012 Streetscape Concept – Linked Districts Approach
- 2.3 Objectives and Design Principles
 - 2.3.1 Objectives
 - 2.3.2 Design Principles
- 2.4 Concept Options
 - 2.4.1 Concept A – Raised Cycle Tracks
 - 2.4.2 Concept B – Cycle Track on Boulevard
 - 2.4.3 Concept C – Combination of Concepts A & B
- 2.5 Evaluation and Preferred Concept
 - 2.5.1 Concept A
 - 2.5.2 Concept B
 - 2.5.3 Concept C

3.0 Draft Master Plan

- 3.1 Functional Street Design Considerations
 - 3.1.1 Philosophy and Approach

3.1.2 Typical Intersections

3.1.3 Subway Stations

3.1.4 Bus Stops

3.1.5 Vehicular Traffic

3.1.6 Vehicular Access

3.1.7 Pedestrian Boulevard

3.2 Overall Concept Description

3.3 Streetscape Features and Experience

3.3.1 Approach

3.3.2 Links and Districts Structure

3.3.3 District Character Areas Philosophy

3.3.4 District character Areas

3.3.4.1 Yonge – Steeles District

3.3.4.2 CN Rail Bridge Threshold

3.3.4.3 Clark Station District

3.3.4.4 Old Thornhill District

3.3.4.5 Don River Bridge Threshold - The Valley as Interpretive Gateway

3.3.4.6 New Thornhill Village District

3.3.4.7 Highway 407 / Hydro Lands Threshold

3.3.4.8 Richmond Hill Centre District

3.4 Built Form and Place Making

3.4.1 Philosophy & Approach

3.4.2 Street Edge

3.4.3 Built Form and Massing

3.4.4 Places and Spaces

3.5 Streetscape Elements

3.5.1 Philosophy & Approach

3.5.1.1 Sustainable Design Considerations

3.5.1.2 Crime Prevention Through Environmental Design (CPTED) Principles

3.5.2 Lighting

3.5.2.1 Lighting Scheme One

3.5.2.2 Lighting Scheme Two

3.5.2.3 Further Detailed Investigation

3.5.3 Street Furniture

3.5.4 Access, Signage and Wayfinding

3.5.4.1 Wayfinding Elements

3.5.4.2 Regulatory Signage

3.5.4.3 Interpretive Signage

3.6 Public Art

3.6.1 Philosophy and Approach

3.6.2 Private Sector Participation

3.6.3 Public Sector Participation

4.0 Pre-Subway Plan

4.1 Introduction

4.1.1 General Criteria

4.1.2 Road Capacities and Function

4.2 Opportunities for Construction

4.3 Land Acquisition
