## WILL HOUSING YORK EVICT RESIDENTS FOR NON-COMPLIANCE?

Eviction for non-compliance is a possibility – however, staff and social workers will first work with residents to assist them in understanding and complying with the no smoking policy.

## DOES THIS POLICY VIOLATE A RESIDENT’S RIGHT TO SMOKE AND PERSONAL CHOICE?

Canadian law does not support a right to smoke. The policy on Human Rights and Rental Housing 2009 states, “given the inherent risks associated with smoking, a housing provider may have little or no obligation to accommodate a resident’s need to smoke when to do so would amount to undue hardship, for example, by negatively affecting the health and safety of other residents.”

## WILL EXISTING RESIDENTS WHO SMOKE AND ARE APPROVED FOR A TRANSFER BE PERMITTED TO SMOKE IN THEIR NEW UNIT?

If a resident who smokes must be transferred due to legislative rules, the resident will be permitted to smoke in their new unit.

All residents who are transferred to a unit must sign a smoke-free clause to move to the new unit.

## CAN A RESIDENT CHOOSE TO DESIGNATE THEIR UNIT AS NON-SMOKING?

Yes, a resident who moved into a Housing York building before the Smoke-Free Policy came into effect can update their lease and designate their unit as non-smoking. Please contact the Tenant Services Coordinator for your building by calling 1-877-464-9675.

## HOW WAS THE FIVE METRE DISTANCE FROM BUILDINGS DETERMINED?

A variety of distances were reviewed for each site. The five metre (16 feet) distance was selected because it respects the health of those who do not smoke while also respecting the choice of those who want to smoke.

Five metres provides the opportunity to smoke somewhere on each property without affecting neighbouring properties or sending someone off the property to smoke. Research indicates that health benefits can be achieved by the five metre distance.

## CAN RESIDENTS SMOKE IN THEIR CARS?

If the vehicle is parked in a location five metres (16 feet) away from any window, door, balcony or vent, residents can smoke in their cars. In the Province of Ontario, legislation restricts a driver or a passenger of a vehicle from smoking when someone under the age of 16 is present.

## ARE RESIDENTS EXPECTED TO QUIT SMOKING?

The policy does not prohibit renting a unit to a smoker nor does it require residents to quit smoking.

If you smoke and want to quit, there are supports available that can help. For more information visit: [york.ca/tobacco](http://york.ca/tobacco) , [smokershelpline.ca](http://smokershelpline.ca) or call Access York at 1-877-464-9675, TTY 1-866-512-6228.

## WITH THE LEGALIZATION OF RECREATIONAL CANNABIS, WILL RESIDENTS BE ALLOWED TO SMOKE MARIJUANA ON HOUSING YORK PROPERTIES?

The Smoke-Free Policy, which went into effect on November 2014, remains the same. Residents with non-smoking leases are not permitted to inhaling, exhaling, breathing, burning or carrying a lit or burning cigarette, cigar, tobacco or other similar products whose use generates smoke (including cannabis) inside their units, hallways or common areas of the building.
