

Aesthetic Secrets Hair Transplant Clinic at 2-10288 Yonge Street in the City of Richmond Hill and Hair Transplant Canada at 102-345 Renfrew Drive in the City of Markham Ontario

York Region Public Health is advising patients who have received hair transplant and other services from Mr. Ahmad Hosseinpour or from staff at Aesthetic Secrets Hair Transplant Clinic, 2-10288 Yonge Street in the City of Richmond Hill or Hair Transplant Canada at 102-345 Renfrew Drive in the City of Markham to consult with their primary health care provider to discuss their potential risk of bloodborne infection. Patients may also want to be seen by their primary health care provider to discuss aftercare follow-up.

York Region Public Health was not able to assess Mr. Ahmad Hosseinpour's infection prevention and control practices (e.g. including determining if proper cleaning and disinfection of instruments was occurring between clients) as Mr. Ahmad Hosseinpour is recently deceased and the clinics appear to no longer be operating. It was determined by the College of Physicians and Surgeons (CPSO) that Mr. Ahmad Hosseinpour was not a physician licensed by CPSO and was not authorized to delegate to staff to provide hair transplant services. York Region Public Health is unable to determine if infection risks to patients (including bloodborne infections such as Hepatitis B, Hepatitis C and HIV) and risk of other complications exists. York Region Public Health is, therefore, advising anyone who may have received services at these locations to seek consultation with their health care provider and discuss testing for bloodborne infections. For specific medical questions patients are advised to discuss with a health care provider on how to monitor for possible complications and ensure adequate after care has been provided.
