

Statement of Medical Exemption COVID-19 Immunization- Public Use

Review the <u>Medical Exemptions to COVID-19 Vaccination</u> guidance prior to certifying a medical exemption to ensure all criteria are met.

Refer to the Medical and Clinical Trial Exemptions: Guidance for Issuing and Entering Records into $COVax_{ON}$ for information on entering exemption records into $COVax_{ON}$ and obtaining patient consent for this purpose. If you require a copy of this guidance, please contact your Public Health Unit, the Ministry of Health, or your Regulatory College. Please see Appendix 1 to this form for best practices for obtaining consent as well as sample consent and attestation forms.

If the request is denied, the PHU will notify the issuer of the exemption request of the denial, and the rationale. If the medical practitioner feels the assessment was made in error, they can make a request to Office of the Chief Medical Officer of Health by emailing COVID-19medicalexemption@ontario.ca to request a review of the exemption request.

APPENDIX 1: Consent

Best Practices for Obtaining Consent to Collect, Use, and Disclose Personal Health Information

- Where possible, the health information custodian (HIC) should obtain signed written consent from the individual to whom the information relates or their substitute decision maker.
- The HIC may alternatively obtain consent verbally and submit a written attestation signed by the HIC.
- HIC's should ensure that the consent satisfies the conditions set out in the <u>Personal Health</u> <u>Information Protection Act</u>, 2004.

	Samp	le (Consent

l	have provided information regarding a medical exemption from receiving a
COVID-19 vaccination. I co	onsent to the information being collected, used, and disclosed for the following
purposes:	

- The information will be collected by my medical practitioner for the purpose of maintaining my health care record.
- The information will be disclosed to an Ontario public health unit to create a record of personal health information indicating my exemption from COVID-19 immunization.
- The information may be exchanged between my medical practitioner and the public health unit as may be needed to clarify or verify my exemption.
- It will be used and disclosed as required for the administration of Ontario's COVID-19 vaccination program as well as other purposes authorized and required by law. For example,
 - It will be disclosed to the Chief Medical Officer of Health and Ontario public health units where the disclosure is necessary for a purpose of the *Health Protection and Promotion Act*.
 - It may be disclosed, as part of my provincial electronic health record, to health care providers who are providing care to me.

Information disclosed to the Ontario public health units will be stored in a health record system under the custody and control of the Ministry of Health.

You may also be contacted by a hospital, local public health unit, or the Ministry of Health or its agent for purposes related to your medical exemption (for example, to check on the status of your exemption). If you wish to receive these follow up communications by email or text, please indicate this using the box below.
