

2020 York Children's Water Festival

Teacher's Field Trip Checklist

To ensure a safe and fun experience at the water festival, please carefully read and check off the information listed below. Please confirm your acceptance of the checklist by signing and sending (either scan or photo) to ycwf@york.ca by May 1, 2020.

If you have any questions please contact the Festival Committee at ycwf@york.ca.

- My class will be organized to meet the 8:1 student to adult ratio. I understand if I do not meet this requirement we may be sent home due to safety concerns. I will make appropriate provisions for my students who require special accommodations.
- Myself (the classroom Teacher) along with the supervising parents from our school understand that we are responsible for our students at all times. This includes bus arrival and departure, participating at each festival activity station, during the lunch break and lunchtime entertainment program. The supervision expectations will be clearly outlined to all parent supervisors prior to arrival.
- I understand that the festival is held outdoors, rain or shine, and will inform all students and parent supervisors to wear appropriate footwear and dress for the weather conditions expected that day.
- Students and parent supervisors will understand what a Litterless Lunch is and why it is important to reduce garbage and keep our conservation lands and water clean.
- I understand that all bussing costs and arrangements are the responsibility of each participating school.
