

## ALL SAFETY STEPS were followed in approving COVID-19 VACCINES

HEALTH CANADA  
only approves vaccines if they are  
**SAFE, EFFECTIVE  
AND MEET ALL STANDARDS**

## COVID-19 VACCINES ARE SAFE AND EXTREMELY EFFECTIVE AT PREVENTING COVID-19 INFECTION

COVID-19 VACCINES WERE  
TESTED WITH **120,000 PEOPLE**  
AND MILLIONS MORE HAVE  
ALREADY RECEIVED THEM

ANYONE CAN GET COVID-19  
AND BECOME VERY SICK

YOUR CHOICE  
TO RECEIVE A VACCINE  
CAN ALSO HELP **PROTECT  
OTHERS** UNABLE TO  
RECEIVE A VACCINE  
THEMSELVES

## mRNA Technology IS NOT NEW

COVID-19 mRNA vaccines  
send a message to your  
cells to make antibodies  
to fight against the virus  
that causes COVID-19.

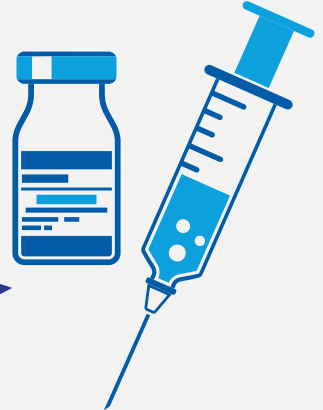

It cannot change your  
DNA and it cannot give  
you COVID-19.

## COVID-19 VACCINE FAST FACTS

**#IGotMyVaccineInYR**

IT'S IMPORTANT TO GET  
**VACCINATED**  
AS SOON AS YOU  
ARE ABLE TO

The sooner most people  
are vaccinated, the sooner  
our lives can return  
to normal.
