

PRACTICE PHYSICAL DISTANCING

To prevent the spread of COVID-19 and to protect our community, York Region Public Health encourages residents to stay home, when possible, and reduce interactions with others.

Physical distancing means limiting the number of people you come into close contact with.

**STAY 2-METRES (6-FEET) APART FROM PEOPLE WHO ARE NOT IN YOUR SOCIAL CIRCLE
WEAR A 2-LAYER NON-MEDICAL FACE COVERING OR MASK**

When you cannot stay 2-metres (6-feet) apart you can also:

Limit, postpone, or cancel gatherings

- Be mindful of how many people you connect with and consider keeping a log of those who you interact with daily
- Limit gatherings to a maximum of 10 people and continue to keep 2-metres distance between you and others not in your social circle
- If you can, postpone or cancel gatherings and consider connecting by phone or online
- Gatherings that are not physically-distanced should be limited to your "social circle" or group of 10 people or less, who have committed to only participating in one "social circle"

Stay home if you are sick

- If you have symptoms of COVID-19 or think you may have been exposed, stay home except for medical care
- Seek assessment and testing at one of three COVID-19 Assessment Centres in York Region, located in and operated by the hospitals in York Region

Limit non-essential trips into the community

- Support local businesses and continue to shop for your family's essential needs
- Make as few trips as possible and keep physical distance between you and others
- Wear a face covering in public where physical distancing is a challenge or not possible
- Avoid long line-ups
- Sanitize or wash your hands when entering and leaving buildings
- Avoid touching your face (eyes, nose, and mouth) while out

Consider alternative ways to work

- Work from home, if possible
- Conduct meetings virtually

While you may not feel sick we ask that you be mindful of those more vulnerable in our community.

Thank you for your efforts to keep everyone healthy. We are all in this together.
