Jug Lane at Bullock Drive

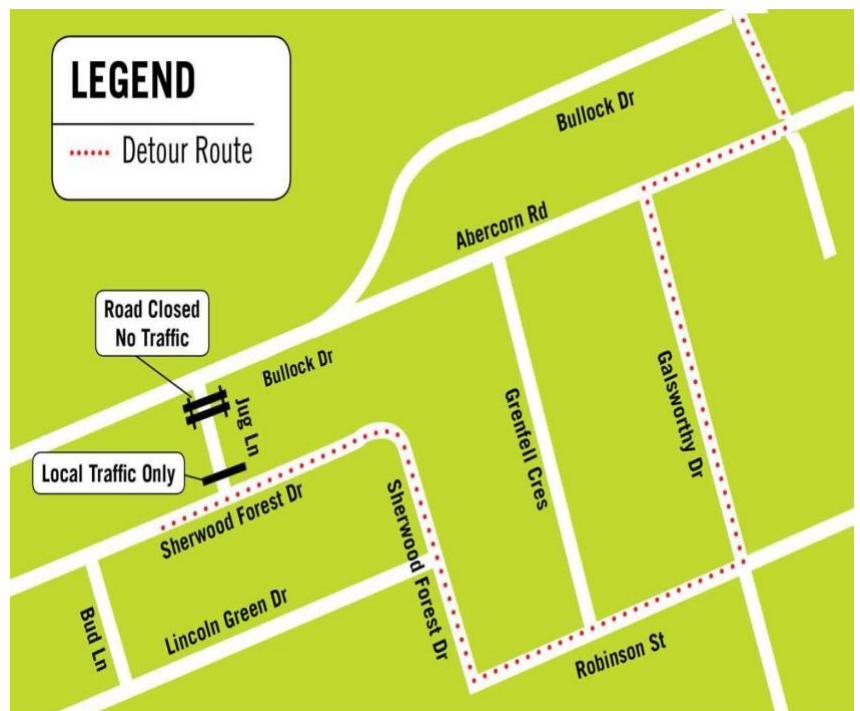

City of Markham

December 10, 2018

The Regional Municipality of York is working in your community to replace the watermain on Bullock Drive. From **December 11 to December 14, 2018** Jug Lane will be closed to traffic at Bullock Drive due to watermain construction.

WHAT CAN YOU EXPECT?

- There will be no access to Bullock Drive from Jug Lane
- Motorists are advised to use the posted detour route along Sherwood Forest Drive, Robinson Street, Galsworthy Drive and Abercorn Road to access Bullock Drive
- There is no impact to your water services
- Due to the nature of the work, there will be construction related noise and dust, though every effort to minimize this will be made
- As with all construction projects, some work may be re-scheduled due to weather or other conditions

We understand that temporary road closures are disruptive to those that work and live in the area. Thank you for your patience while we complete this vital work.

Safety around our worksites is a priority for us. We remind all motorists to please reduce your speed in the construction area.

DID YOU KNOW?

York Region provides clean, safe drinking water and wastewater servicing to more than 1.2 million residents. Visit york.ca/waterconstruction for more information about water and wastewater construction projects.
