To: York Region Rapid Transit Corporation Board of Directors

From: Mary-Frances Turner, President

Subject: Project Status Quarterly – Q1 2015

Ref: YORK-#5944873

Recommendation

It is recommended that:

1. The attached Project Status Quarterly – Q1 2015 report from the Chief Financial Officer be received for information.

Purpose

The purpose of this report is to provide a project activity and financial update to the Board. The Project Status Quarterly – Q1 2015 report is attached, and reflects activities up to March 31, 2015.

Project Highlights

Bus Rapidways & Stations (BRT) Program

With 6.0 km of rapidway in service along Highway 7 in 2014, 17% of the BRT program has now been completed

- Highway 7 East (H3), from Bayview Avenue to Warden Avenue (6.0 km) – over 95% completion, with some finishing touches completed by this Summer
- Last segment from South Town Centre Boulevard (STC) to Warden Avenue in service as of January 4, 2015, creating a seamless connection along Highway 7 East from Bayview Avenue in the Town of Richmond Hill to City of Markham’s Downtown
- Preparation work for top lift asphalt, the installation of boulevards, pavers and sidewalks, and planting from STC to Warden Avenue have commenced, with completion by late June
Since the opening of the first segment of the rapidway in August 2013 – average decrease of 35% in travel time from Bayview Avenue to Highway 404, and 10% increase in ridership from Bayview Avenue to South Town Centre

Davis Drive (D1), from Yonge Street to Roxborough Road (2.6 km) – to-date construction at 70% completion and in service as of December 17, 2015
- Construction work continues on the two vivastation canopies at Main Street and Southlake; east and west platforms at Longford vivastation nearing completion
- With the relocation of Union Hotel completed, site restoration and exterior landscaping are expected to commence this Spring
- Work for the installation of sanitary and storm sewers as well as road widening is on-going

Highway 7 West (H2-VMC), from Bowes Road to Edgeley Boulevard – (3.6 km):
- East of Jane Street – construction works underway with construction at 40% completion to-date and this rapidway segment available for service in Fall 2016
  - Utility relocations completed from west of CN bridge to Jane Street
  - Widening of CN bridge progressing – at approximately 62% completion
  - Replacement/Upgrading of storm sewers progressing – at 60% completion
- West of Jane Street – construction works to commence this Spring once area is handed over by the Toronto-York Spadina Subway Extension (TYSSE) project; segment to open in sync with the opening of the subway in December 2017

Yonge Street (Y2.1, Y2.2, & Y3.2) – (8.9 km):
- Design-Build Constructor, RapidLINK, progressing to 90% design, which have allowed for start of relocation design works by the Utility Companies
  - Enhanced designs for Y3.2 and Y2.2 completed – Y2.1 to follow shortly
  - Enbridge to start utility relocations at Y3.2 this Summer – followed by Bell and Rogers, and Newmarket-Tay Hydro thereafter
- All segments of rapidway in service by end of December 2018
  - Y2.1 – Highway 7 to Major Mackenzie Drive
  - Y2.1 – Levendale Avenue to 19th Avenue
  - Y3.2 – Mulock Drive to Davis Drive

Highway 7 West (H2), from Yonge St. to Bowes Road and Edgeley Boulevard to Pine Valley Drive (approximately 12.0 km) – procurement for Design-Build-Finance (DBF) contract underway, with Infrastructure Ontario leading the process
- RFP released in September 2014, with 3 pre-qualified proponents – RapidLINK, EDCO and move7
- DBF contract award projected in September 2015 – rapidway in service by end of November 2020
- Geotechnical investigations, subsurface utility investigations and CCTV sewer inspections in support of the Design-Build-Finance procurement, completed

BRT– Rapidways & Stations program is fully funded by the Province of Ontario and represents a total transportation infrastructure investment of $1.755 billion in the Region – part of the Metrolinx’s ‘The Big Move’ first wave of projects announcement
Facilities and Terminals Program

Canada Strategic Infrastructure Fund (CSIF) Program is well underway

- Construction is now complete for the state-of-the-art Operations, Maintenance and Storage Facility (OMSF) at Headford Business Park in the Town of Richmond Hill. Project completed by PCL Constructors, with substantial completion and hand-over to York Region Transit (YRT) on March 30, 2015
  - OMSF is a 24-acre site, with a 481,679 square foot, targeted LEED Silver Certified building constructed to have an immediate storage capacity for 196 Viva vehicles and which will increase to 250 over time
  - Facility to be occupied by York Region Transit and the Transit Service Contractors – and to also store and maintain York Region’s Viva fleet

- Purchase of the Cornell Terminal lands closed in October 2014 – located at Highway 7 East and Ninth Line in the vicinity of Markham-Stouffville Hospital
  - Procurement for design and construction services to start this Spring – targeting for the construction of the 11-bay bus terminal to commence in early 2016, with completion in late 2017

Implementation of the integrated Park ‘n’ Ride facilities for YRT/Viva region-wide in support of the Bus Rapidways Transit System has commenced

- Highway 7 East (H3) – procurement for the design and engineering of the on-surface parking facility at Warden Jug Handle (Warden Ave./Enterprise) in progress – construction to commence in Spring/Summer 2016

- Davis Drive (D1) – this Park ‘n’ Ride facility will be completed in September. It is being delivered by GO Transit and funded in partnership by Metrolinx, GO Transit and the Province

Subways Program

Construction of the Toronto-York Spadina Subway Extension (TYSSE) is on-going

- Region’s cost-to-date is $229.3 million when comparing to its original TYSSE contribution commitment of $351.6 million – this excludes the Capacity Buy-In and Viva Concourse at Vaughan Metropolitan Centre
  - Public announcement made by TTC CEO that the project will be completed by the end of December 2017, with $150.0 million in additional funding required to reset the project – out of which the Region has approved its contribution share of $60.0 million per the TYSSE Contribution Agreement
    - $80.0 million for Bechtel, a project management firm to oversee and deliver the project by end of December 2017
    - $70.0 million for additional project management costs – 2016 and 2017
    - Does not consider potential additional costs to settle delay claims from TYSSE’s contractors – this will be reported at a later date this year
Construction of the stations progressing, of which 3 are in York Region – Black Creek Pioneer Village, Highway 407 and Vaughan Metropolitan Centre (VMC)

Viva Concourse – underground connection connecting the YRT/Viva system to the subway at Vaughan Metropolitan Centre progressing
  - Design completed and construction underway – project completion timeline in sync with the opening of the subway

SmartCentres-Vaughan Metropolitan Centre (VMC) Terminal – a 9 bus-bay terminal located at VMC Subway Station
  - Concept Design by Diamond Schmitt Architects Incorporated (DSAI) completed, with Preliminary Design to be completed in Q2 this year
  - Procurement of the Construction contract planned to start in Q3 this year – construction to start in 2016 and project completion timeline staged with the opening of the subway

**Yonge North Subway Extension**

Transit Project Assessment Process (TPAP) – preferred option for the location of the Train Storage Facility finalized and approved by the Ministry of the Environment and Climate Change

- Funding for Preliminary Engineering (30% design) made available by the Province

**Financial Highlights**

For the first quarter, Capital Expenditures were $118.5 million – of which the Region’s contribution was $16.0 million (Table 1)

**Table 1 – YRRTC Capital Expenditures, Year-to-Date 2015**

* Budget is net of Municipal & 3rd Party Recoveries
Metrolinx Capital Program – expenditures for the BRT-Rapidways & Stations program are $72.9 million, driven by:
- Construction finishings on Highway 7 East (H3)
- Construction progressing along Davis Drive (D1) and Highway 7 West (H2-VMC)
- Purchase of lands for Yonge Street (Y2.1 & Y2.2) and the remaining Highway 7 West (H2)

Regional Capital Program – expenditures are $45.6 million, driven by the on-going construction of the TYSSE project and substantial completion of OMSF

For the first quarter, Net Operating Expenditures are ($1.4 million) versus the approved budget of ($1.5 million) (Table 2) – due to timing differences

Gross Operating Expenditures are $4.6 million, offset by:
- Capital Recoveries of $2.8 million against the Metrolinx and Regional Capital Programs – staff and administrative costs, including office leases
- Revenues of $3.1 million from Development Charges and Federal Gas-Tax Revenues, offsetting Financing Costs of $1.1 million for Debt Principal and Interest payments

For more information on this report, please contact Michael Cheong, Chief Financial Officer, York Region Rapid Transit Corporation at 905-886-6767, Ext. 71015.

Mandate

York Region Rapid Transit Corporation [YRRTC] is responsible for the planning, design and construction of the rapid transit network and related infrastructure; for pursuit of joint development opportunities; and for strategic oversight of Viva operations to deliver on the transit priorities set out in the York Region Transportation Master Plan.

The expertise of YRRTC lays in project management – design and engineering, procurement and financial management, and community relations. It contracts with engineering and construction firms to develop final designs and carry out construction.

Governance

Board of Directors

YRRTC is a wholly-owned subsidiary and share capital corporation of The Regional Municipality of York. Its Board of Directors is comprised of elected officials from York Region. There is no private sector or other public sector representation on the YRRTC Board of Directors at this time.

Executive Management Team and Reporting

The Executive Management Team reports to the Board of Directors and to YRRTC’s Chief Executive Officer. Board meetings are held in the York Region Administrative Centre located in the Town of Newmarket. Public reports are posted online at www.york.ca.
1.0 VIVANEXT RAPID TRANSIT SYSTEM NETWORK
2.0 MANAGEMENT AND OPERATIONAL HIGHLIGHTS

The current Capital Program Delivery of $3.2 billion for rapid transit infrastructure in York Region continues to progress – and at the end of Q1 2015, $1.7 billion or 53% the available funding has been expensed since inception. By end of 2020/2021, the funding of $3.2 billion for the Capital Program will see the project delivery of:

- 34.7 km of dedicated bus rapidways with 41 stations – along Highway 7, Yonge St. and Davis Dr.
- 8.6 km of Spadina Subway extension to Highway 7 and west of Jane St., with 3 subway stations in York Region – Pioneer Village, 407 and Vaughan Metropolitan Centre;
- 1 Operations, Maintenance & Storage Facility at Headford Business Park (Leslie St./16th Avenue)
- 2 Bus Terminals at the Vaughan Metropolitan Centre (Highway 7/Jane St.) and Cornell (Highway 7/Ninth Line)
- 6 Park ‘n’ Ride Facilities
- 53 60-Foot articulated vehicles

BRT-Rapidways & Stations Program

- 4 BRT rapidways are currently under construction:
  - Highway 7-East BRT rapidway over 95% complete, with some finishing touches completed by Summer 2015
    - First segment from Bayview Ave. to Highway 404 in service since August 2013;
    - Second segment from Highway 404 to South Town Centre Blvd. in service at end of August 2014;
    - Last segment from South Town Centre Blvd. to Warden Ave. in service as of January 2015 – preparation work for top lift asphalt, the installation of boulevards, pavers and sidewalks, and planting from STC to Warden Avenue have commenced, with completion by late June.
  - Davis Drive BRT rapidway, from Yonge St. to Highway 404 – to-date construction at 70% completion, and in service as of by December 17, 2015
    - Construction work continues on the two vivastation canopies at Main Street and Southlake; east and west platforms on Longford station nearing completion;
    - With the relocation of Union Hotel completed, site restoration and exterior landscaping are expected to commence this Spring.
  - Highway 7-West, VMC (Vaughan Metropolitan Centre) rapidway, from Bowes Rd. to Edgeley Blvd. progressing
    - East of Jane St. – construction works underway with to-date construction at 40%, with this rapidway segment available for service in Fall 2016;
    - West of Jane St. – construction works to commence this Spring in coordination with the Toronto-York Spadina Subway Extension (TYSSE) project, and segment to open in sync with the opening of the subway in December 2017.
  - Yonge St. BRT rapidway – to-date construction at 8%, with expected project completion by December 2018
    - Design-Build constructor, York RapidLINK, progressing to 90% design;
    - Enhanced designs for Y3.2 and Y2.2 completed – and Y2.1 to follow shortly; Enbridge to start utility relocations this Summer – followed by Bell and Rogers, and Newmarket-Tay Hydro thereafter;
    - Clearing and grubbing along the Right-of-Way has begun.
  - Remainder of Highway 7-West (H2-East, H2-West) BRT rapidway, from Yonge St. to Bowes Rd. and from Edgeley Blvd. to Pine Valley Dr. – procurement for Design-Build-Finance (DBF) contract underway, with Infrastructure Ontario leading the process
    - RFP released in September 2014 to 3 pre-qualified proponents – RapidLINK, EDCO and move7;
Facilities and Terminals

- Operations, Maintenance and Storage Facility (OMSF) at Headford Business Park in Town of Richmond Hill construction substantially completed and handover on March 30, 2015
- Cornell Terminal land acquisition closed in October 2014 – located in the City of Markham, at Highway 7-East and Ninth Line in the vicinity of Markham-Stouffville Hospital (MSH). Procurement for design and construction services underway – construction to start in 2016, with completion in late 2017
- Implementation of the integrated Park ‘n’ Ride facilities for YRT/Viva region-wide in support of the Bus Rapidways Transit System has commenced
  - Highway 7 East (H3) – procurement for the design and engineering of the on-surface parking facility at the Warden Jug Handle (Warden Ave./Enterprise Dr.) in progress – construction to commence in Spring/Summer 2016;
  - Davis Drive (D1) – this Park ‘n’ Ride facility will be completed in September. It is being delivered by GO Transit and funded in partnership by Metrolinx, GO Transit and the Province.

Toronto-York Spadina Subway Extension (TYSSE)

- Public announcement made by TTC CEO that the project will be completed by the end of December 2017, with $150.0 million in additional funding required to reset the project – out of which the Region authorized its additional contribution share of $60.0 million
  - $80.0 million for Bechtel, a project management firm to oversee and deliver the project by end of December 2017;
  - $70.0 million for additional project management costs – 2016 and 2017;
  - Does not consider potential additional costs to settle delay claims from TYSSE’s contractors – this will be reported at a later date this year.
- Construction of all stations progressing, of which 3 are in York Region – Pioneer Village, Highway 407 and Vaughan Metropolitan Centre (VMC)
- Viva Concourse – underground connection between the YRT/Viva system and the subway at Vaughan Metropolitan Centre progressing
- SmartCentres-Vaughan Metropolitan Centre (VMC) Terminal – a 9-bus bay terminal located at VMC Subway Station
  - Concept Design by Diamond Schmitt Architects Incorporated (DSAI) completed, with Preliminary Engineering to be completed in Q2 this year
  - Procurement of the construction contract planned to start in Q3 this year – construction to start in 2016 and project completion timeline staged with the opening of the subway

Yonge North Subway Extension (YNSE)

- Transit Project Assessment Process (TPAP) – preferred location of the Train Storage Facility finalized and approved by the Ministry of Environment and Climate Change to move forward
- Funding for Preliminary Engineering now available from the recent announced provincial budget – preparation work underway to have 30% design completed by mid-2018
3.0 DESIGN & CONSTRUCTION ACTIVITIES

3.1 BUS RAPID TRANSIT (BRT) PROGRAM

ENTERPRISE DRIVE – WARDEN AVE. TO BIRCHMOUNT RD. (H3.3)

Project Description

- The Enterprise rapidway and station (Warden Avenue) from Warden Ave. to Birchmount Rd., in the City of Markham, has been in operation since March 6, 2011. Funded via the QuickWins Agreement with the Province, this section of the rapidway in the Region was the pilot project for the vivaNext stations being built along Highway 7 (H3, H2-VMC, H2 & H3.4), Yonge St. (Y2.1, Y2.2 & Y3.2) and Davis Drive (D1).

Project Status

Design-Build Construction

- Enterprise was the pilot project for the vivaNext Bus Rapid Transit (BRT) program. Since in service, this segment has undergone a series of design refinements and improvements.
- Planned upgrades for the station (wayfinding, security, etc.) and fare collection equipment will bring the Warden Station up-to-date with the other BRT segments currently under construction, and will ensure a consistent experience throughout the Viva transportation system – expected to be completed in summer 2015.
- 3 vendors for the upgrades have been prequalified (Black and McDonald, AGI and Weinmann), with the contract to be awarded in Q2-2015.
## 3.1 BUS RAPID TRANSIT (BRT) PROGRAM

### HIGHWAY 7 EAST – RICHMOND HILL CENTRE TO WARREN AVE. (H3)

#### Project Description
- The Highway 7 East (H3) rapidway extends from Richmond Hill Centre to Warden Ave. in the Town of Richmond Hill and the City of Markham for 6.0 km of rapidway, with 10 centre vivaNext stations and 1 curbside station
- Construction commenced in late 2010 – the first segment from Bayview Ave. to Highway 404 has been in service since August 2013; the second segment from Highway 404 to South Town Centre Blvd. (STC) went in service in August 2014, and the last segment from STC to Warden Ave. went live as of January 2015
- Since the opening of the first segment of the rapidway in August 2013 – average decrease of 35% in travel time from Bayview Ave. to Highway 404 and 10% increase in ridership from Bayview Ave. to STC

#### Progress Status Update

**Property**
- On-going work to settle with property owners

**Utility Relocations**
- All major utility relocations are now complete. Minor utility works on-going (e.g. Rogers cut-over from aerial to underground)

**Design-Build Construction**
- Highway 7 East (H3) BRT – to-date construction at over 95% completion
- Deficiencies and warranty issues continue to be addressed
- Highway 404 to STC in-service in August 2014; and last segment from STC to Warden Ave. in service as of January 2015
  - Boulevard works on South Town Centre Blvd., Cedarland Dr., and Warden Ave. to be completed by Q2-2015;
  - Top lift and final pavement markings to be completed by Q2-2015;
  - Remaining landscaping to be completed by Q2-2015

**Keeping the Public Informed**
- Work is almost complete, but when necessary construction bulletins continue to be issued to ensure that the public is aware and informed.
3.1 BUS RAPID TRANSIT (BRT) PROGRAM

DAVIS DRIVE – YONGE ST. TO HIGHWAY 404 (D1)

Project Description

- The Davis Drive (D1) rapidway in the Town of Newmarket, extends from Yonge St. to Roxborough Rd. – just east of Southlake Regional Health Centre. Service will continue east in mixed-use traffic, terminating at Highway 404 for 2.6 km of rapidway. Construction to be completed by December 17, 2015 – the rapidway will include 3 centre vivaNext stations and 2 curbside Quick Start type stations

Progress Status Update

Property

- Union Hotel is now in its final location. Site restoration and exterior landscaping are targeted for spring 2015
- Environmental-Remediation works on-going as per Remediation Action Plan (RAP) for the lands acquired as part of the project
- On-going work to settle with property owners

Utility Relocations

- Overall Utility Relocations (Enbridge and Newmarket-Tay Power) at over 96% completion. Some remaining telecom relocations not part of the JUDB to be completed
  - Enbridge work fully completed in March 2015
  - Design-Builder, KED, is constructing the civil component of the Joint Use Duct Bank (JUDB), an underground concrete conduit for telecom (Bell, Rogers and YTN) – at 90% completion. Splicing by the respective utilities has commenced and is on-going

Design-Build Construction

- To-date construction at 70% completion
- Major infrastructure upgrades work nearing completion, e.g. upgrades of culverts, new storm sewers, sanitary sewers and watermain
- Road widening, boulevard work, and paving progressing throughout the corridor, with the section from Yonge St. to Barbara Rd. nearing completion
- Station work is on-going on all 6 median platforms, canopy work underway at 3 platforms
- Final traffic staging on Davis Dr. has been implemented at Yonge St. to Barbara Rd. and Main St. to allow for median works
- Road widening in the Right-of-Way at the GO tracks to occur in April 2015

Keeping the Public Informed

- Construction bulletins and traffic advisories continue to be issued to ensure that the public is aware and informed of the construction activities
# 3.1 BUS RAPID TRANSIT (BRT) PROGRAM

## HIGHWAY 7 WEST – BOWES RD. TO EDGELEY BLVD. (H2-VMC)

### Project Description

- The H2-VMC rapidway refers to Highway 7-West, from Bowes Rd. to Edgeley Blvd. – it includes the construction of 3 centre vivaNext stations along the 3.6 km of rapidway. It is staged to be in sync with the opening of the Toronto-York Spadina Subway Extension (TYSSE).

### Progress Status Update

#### Property

- All properties required by the project are now in possession
- Environmental-Remediation works on-going as per Remediation Action Plan (RAP) for the lands acquired as part of the project
- On-going work to settle with property owners

#### Utility Relocations

- Hydro (PowerStream) relocations – east of Jane St. to east of Keele St. now complete; remaining relocations west of Jane St. continue
- Telecom (Bell) duct bank works progressing east of Keele St.
- Telecom works (Rogers) between Hwy. 400 and Jane St. is nearing completion

#### Design-Build Construction

- East of Jane St. to Bowes Rd., construction works underway – to-date construction at 40% completion
  - Foundation caissons completed for the Creditstone and platforms
  - CN bridge widening works proceeding, with piers construction completed. Bridge works expected completion by end of 2015
  - East of CN Bridge, storm sewer works on-going
- West of Jane Street from Jane St. to Edgeley Blvd. – major works scheduled and currently awaiting work completion by TYSSE sub-contractor(s) so the Design-Builder (KED) can be handed the area to work
  - Partial areas have been made available starting mid-March 2015, remainder by September 2015
  - Coordination efforts continue between the KED and TYSSE to allow for road widening and storm sewer works in advance of next traffic staging which will reduce Highway 7 to 2 lanes in each direction between Edgeley Blvd. and Jane St. for the remaining portion of 2015
- VMC canopy structure fabrication is on-going

#### Keeping the Public Informed

- Construction bulletins and traffic advisories continue to be issued to ensure that the public is aware and informed of the construction activities
3.1 BUS RAPID TRANSIT (BRT) PROGRAM

YONGE STREET – HIGHWAY 7 TO MAJOR MACKENZIE DR. (Y2.1); LEVENDALE AVE. TO 19TH AVE. (Y2.2); MULOCK DR. TO DAVIS DR. (Y3.2)

**Project Description**

- The Yonge Street (Y2.1) rapidway in the Town of Richmond Hill, extends approximately 3.6 km from Richmond Hill Centre (Highway 7) to Major Mackenzie Dr. This rapidway will include 4 centre vivaNext stations. Pre-construction activities on Y2.1 commenced in mid-2014, followed by major utility relocation work in 2016 – expected substantial completion by end of 2018.

- The Yonge Street (Y2.2) rapidway in the Town of Richmond Hill, extends approximately 4.1 km from Levendale Ave. to 19th Ave. - includes 2.9 km of rapidway and 3 centre vivaNext stations. Pre-construction activities on Y2.2 commenced in mid-2014, followed by major utility relocation work in 2016 – expected substantial completion by end of 2018.

- The Yonge Street (Y3.2) rapidway in the Town of Newmarket extends approximately 2.4 km from Mulock Dr. to Davis Dr. This rapidway will include 3 centre vivaNext stations. Pre-construction activities on Y3.2 commenced in mid-2014, followed by major utility relocation work starting in 2015 – expected substantial completion by end of 2018.
Progress Status Update

Property

HIGHWAY 7 TO MAJOR MACKENZIE DR. (Y2.1)
- Acquisition of lands required for the project underway, on track for June 2015 possession
- Environmental assessment progressing
  - Roadway and property specific works where access granted, have been completed – remaining properties to be completed once acquired (summer 2015)
  - Draft Remedial Action Plan reports (RAPs) are currently under review
- Negotiations for accessing provincial and municipal lands are progressing

LEVENDALE AVE. TO 19TH AVE. (Y2.2)
- Acquisition of lands required for the project underway, on track for July 2015 possession
- Environmental assessment progressing
  - Roadway and property specific works where access granted, have been completed – remaining properties to be completed once acquired (summer 2015)
  - Draft Remedial Action Plan reports (RAPs) are currently under review
- Negotiations for accessing provincial and municipal lands are progressing

MULOCK DR. TO DAVIS DR. (Y3.2)
- All properties required for the project now acquired
- Environmental assessment works completed for the lands acquired – planning for remediation works underway

Utility Relocations
- Working team between the Design-Builder, York RapidLINK and the Utility Companies – to prepare for utility relocations along the 3 segments of the rapidway
  - Workshops with all utilities and municipal partners are being conducted to develop the enhanced design
  - Enhanced design for Y3.2 and Y2.2 have been issued to the Utility Companies in order to advance their designs; Y2.1 enhanced design targeted for beginning of Q2-2015
  - Majority of potholing investigations to verify utility relocations completed in all segments, additional potholing may be required to advance utility design and construction planning
- Utility relocations include electrical works (PowerStream, Newmarket-Tay Hydro and Hydro One), gas works (Enbridge) and telecom works (Rogers, Allstream and Bell)
  - Y3.2 relocations targeted for Q2-2015

Design-Build Construction
- To-date construction at 8% completion (activities including mobilization, 60% design, utility coordination, etc.)
- Clearing and grubbing of trees in the Right-of-Way has begun
- Continuous coordination with York RapidLINK in order to move forward with the project and advance the design.
  - 90% design packages targeted for Q2-2015

Keeping the Public Informed
- Community Liaisons advancing their outreach program and making contacts along the corridor in order to inform the community of the upcoming rapidway construction and impacts
### 3.1 BUS RAPID TRANSIT (BRT) PROGRAM

**HIGHWAY 7 WEST – HWY. 7 FROM WEST OF PINE VALLEY DR. TO EAST OF HWY. 400; CENTRE ST. FROM HWY. 7 TO BATHURST ST.; BATHURST ST. FROM CENTRE ST. TO HWY. 7; HWY. 7 FROM BATHURST ST. TO YONGE ST. (H2-WEST; H2-EAST)**

#### Project Description

- The H2 rapidway refers to approximately 12.0 km along Highway 7-West, Bathurst St. and Centre St. – and includes the construction of 10 vivaNext stations. Design-Build-Finance contract award is expected in September 2015, with construction to commence in mid-2016.

#### Progress Status Update

**Property**

- Acquisition of lands required for the project underway, majority of property in possession by August 2016.

**Utility Relocations**

- Utility and constructability reviews are complete.

**Design-Build-Finance (DBF) Construction**

- Procurement underway – process led by Infrastructure Ontario, with RFP released to the 3 pre-qualified proponents in September 2014, and contract to be awarded in September 2015.
- Project construction timeline has been extended to late 2020.
- Environmental investigations in support of the Design-Build-Finance procurement and property acquisition; phase 1 work complete (initial environmental assessment) and phase 2 (environmental testing) work to follow.
- Geotechnical investigations, subsurface utility investigations and CCTV sewer inspections in support of the Design-Build-Finance procurement, completed.

**Keeping the Public Informed**

- Community Liaisons advancing their outreach program and making contacts along the corridor in order to inform the community of the upcoming rapidway construction and impacts.
### 3.1 BUS RAPID TRANSIT (BRT) PROGRAM

**ENTERPRISE DRIVE – BIRCHMOUNT RD. TO JUST EAST OF KENNEDY RD. (H3.4)**

<table>

3.2 FACILITIES AND TERMINALS PROGRAM

OPERATIONS, MAINTENANCE AND STORAGE FACILITY (OMSF)

Project Description

- The Operations, Maintenance and Storage Facility (OMSF) is a 24-acre site, with an existing 481,679 square foot targeted LEED Silver Certified Design facility being constructed to accommodate 196 buses on opening day and up to 250 articulated buses over time – located in Headford Business Park in the Town of Richmond Hill (Leslie St./16th Ave. –north-east quadrant)
- Lands for the project funded under the QuickWins Agreement with the Province
- Design and construction for the project funded under the Federal-CSIF agreement and the Region – 50-50 cost share

Funding Sources

<table>

</table>

Progress Status Update

**Design-Build Construction**

- Construction is now complete for the state of the art Operations, Maintenance and Storage Facility which includes energy-efficient and environmentally-friendly features
- This project was delivered on time and on budget
- Hand-over of the facility to YRT occurred on March 30th with a target to be in service by summer 2015
- The facility is comprised of 3 main areas: Repair Garage, Storage Garage and Administrative Building
- Commissioning activities completed to ensure readiness of the facility for opening day
- Facility to be occupied by the Transit Service Contractor and York Region Transit and will store and maintain York Region Transit - Viva Transit vehicles
### 3.2 FACILITIES AND TERMINALS PROGRAM

**CORNELL TERMINAL**

**Project Description**

- The Cornell terminal is a planned 11 Bay-Bus terminal connecting viva service with the East Markham local YRT transit routes, as well as future connections with Durham Transit and GO 407 bus services – located in the City of Markham, at Highway 7-East and Ninth Line in the vicinity of Markham-Stouffville Hospital (MSH)
- Lands for the project funded under the QuickWins Agreement with the Province
- Design and construction for the project funded under the Federal-CSIF agreement and the Region – 50-50 cost share

#### Funding Sources

- Provincial 33%
- Regional 33%
- Federal 34%

### Progress Status Update

**Design-Bid-Build Construction**

- Land acquisition completed for the bus terminal location and conceptual/Preliminary Engineering work to commence
- Procurement for design and construction to start Q3-2015 – targeting for the construction to start in Q2-2016 with project completion by December 2017
3.2 FACILITIES AND TERMINALS PROGRAM

PARK ‘n’ RIDE

Project Description

- Park ‘n’ Ride facilities will be built in support of the Bus Rapidways Transit System in York Region
- It is being developed based on an integrated Park ‘n’ Ride strategy for YRT/viva Region-wide, incorporating Transportation Master Plan update directions and tying implementation to viva segment delivery

Davis Drive Park ‘n’ Ride

- The carpool lot, currently located at Davis Drive and Highway 404 and owned by the Ministry of Transportation, will be expanded to become a park and ride lot for York Region Transit (YRT/Viva) and GO Transit. YRT/Viva and GO buses will have separate platforms with covered shelters for passengers to board.
- Design and construction for the first facility is being delivered by GO Transit and funded in partnership by Metrolinx, GO Transit & the Province, and consists of:
  - 200 parking spots
  - 2 platforms for GO buses
  - 2 platforms for YRT/VIVA buses plus a bus layover area
  - 1-2 Bus Shelters for GO and VIVA/YRT

Progress Status Update

- Construction is commencing on the new park ‘n’ ride lot and will be completed in September

Warden Jug Handle Park ‘n’ Ride

- Park ‘n’ Ride facility located at Warden and Enterprise is planned as an on-surface parking facility funded by the Region

Progress Status Update

- Procurement for design and engineering in progress
- Construction to start in Q2-2016
### SPADINA SUBWAY EXTENSION

**Project Description**

- Project relates to an 8.6 km subway extension from the existing Downsview Station to the Vaughan Metropolitan Centre (VMC) at Highway 7 and west of Jane St.
  - 6.2 km from Downsview Station to Pioneer Village Station – in the City of Toronto
  - 2.4 km from Pioneer Village Station to Vaughan Metropolitan Centre Station – in York Region
- Based on geography and length of the project, 60% of the new construction allocated to the City of Toronto and 40% to York Region

- With an overall funding of $2.6 billion for the subway extension, the contribution of York Region is $351.6 million
  - $1.1 billion or 40% of the overall funding is to be spent in the Region – based on geography and length of the project

**Project Update**

- March 26, 2015 the CEO of Toronto Transit Commission (TTC) addressed a memo to the TTC Board stating the project required additional time to complete the project, extending construction at the earliest to December 31, 2017
- The project requires an estimated budget increase of $150 million of which $90 million has been approved by the City of Toronto and $60 million has been approved by the Regional Municipality of York.
  - Out of the $150 million, $70 million will be allocated to additional project management costs – 2016 and 2017, and $80 million for a Bechtal, the project management firm overseeing the delivery of the project.
- For additional information refer to the following documents found on the TYSSE website www.ttc.ca/Spadina:
  - March 26, 2015 TTC Staff Report
  - March 26, 2015 The Regional Municipality of York Toronto-York Spadina Subway Extension – Schedule and Cost Status Update
### Tunneling

- Two 5.4 metre diameter twin tunnels bored from the Downsview Station to the VMC Station – connecting the existing system to the 6 new stations, of which 3 are in the Region

### Project Progress Status

- With tunneling completed, rail and track works have commenced and will be followed by electrical and systems installation

### Community Engagement

- The joint community office continues to provide information and personnel to respond to questions about the Toronto-York Spadina Subway Extension and Highway 7-West rapidway (BRT) project
- The YRRTC-TYSSE joint communications group continues to promote communications through the website and social media channels. As well, coordination of project events and newsletters are on-going

### Subway Stations in York Region: Pioneer Village, Highway 407 and Vaughan Metropolitan Centre (VMC)

#### Pioneer Village Station

- Station along the Spadina Subway Extension is located on Steeles Ave., with the north half of the station located in the City of Vaughan
- Station includes a fully accessible subway entrance, a 5-bay YRT bus facility with customer amenities, a Passenger Pick-Up and Drop-Off (PPUDO) facility, and a commuter parking facility accommodating approximately 1,900 cars

#### Progress Status Update

- Work has commenced on TTC bus terminal foundations which will be followed-up by erection of structural steel members
- North of Steeles Avenue, concrete work continues on the station box roof and station entrance concourse
- To-date construction at 72% completion

#### Highway 407 Station

- Station includes an 18-bay bus terminal for GO Transit and YRT, a PPUDO facility, and a commuter parking lot for approximately 600 cars

#### Progress Status Update

- Bus terminal back of house rooms, located at the north portion of the bus terminal, are undergoing mechanical and electrical work
- Foundation work for the southern portion of the bus terminal has commenced
- Concrete work continues at concourse entrance connection for bus terminal and subway station
- To-date construction at 82% completion
### Subway Stations in York Region: Vaughan Metropolitan Centre (VMC)

**VMC Station**
- Station is the terminus of the Spadina Subway Extension. It includes the station’s entrance building, a direct underground connection to the Viva BRT on Highway 7-West, a direct underground tunnel to the YRT/Viva bus SmartCentres Terminal-VMC and a connection tunnel under Millway Ave.
- TTC requires a tail track to be located after this terminus station, to facilitate the subway operations

**Progress Status Update**
- Roof slab of station box located within southern section of Highway 7 is being completed to allow for traffic shift to the south and removal of the traffic bridge
- Inside the station, work continues on constructing partition and block walls for various rooms
- Concrete formwork for the main station entrance is being placed
- To-date construction at 72% completion

### Viva BRT Concourse

Viva BRT Concourse – the direct pedestrian access interface between the VMC Subway Station and Viva BRT at Highway 7 and west of Jane Street

**Project Progress Status**
- Design completed and to-date construction at 23% completion – excavation to commence in Q3-2015
SmartCentres Vaughan Metropolitan Centre (VMC) Terminal

**Project Description**

- SmartCentres Vaughan Metropolitan Centre (VMC) terminal is a local transit terminal forming part of an integrated transit facilities hub at the terminus of TYSSE in Vaughan Metropolitan Centre.
- Passengers embarking and disembarking from buses at the Spadina subway extension’s final station starting in 2015 will do so at the “SmartCentres VCM Terminal.”
- The terminal is a planned 9 Bus-Bay terminal located at VMC Subway Station, designed to accommodate six platforms for YRT services.
- Located over the tail track of the VMC subway station directly connected to the subway concourse by means of an underground pedestrian tunnel.
- Concept for the terminal has been developed jointly with SmartCentres to form an integrated assembly of transit facilities and to be in keeping with the overall master plan for the district.
- Lands for the project funded by TYSSE.
- Design and construction for the project funded by TYSSE, York Region & SmartCentres.

**Land Acquisition Staging and Access**

- The Region has been managing and coordinating the land acquisition for TYSSE and YRRTC with ongoing coordination to ensure access to lands aligns with target opening dates of the terminal.

**Project Progress Status**

- Concept Design by Diamond Schmitt Architects (DSAI) completed and Preliminary Design to be completed in Q3-2015.
- Millway Avenue Design Series commenced in Q1 with the City of Vaughan, TYSSE, SmartCentres and YRRTC – to be funded by City of Vaughan – RFP for design underway and to be released Q2.
- RFPQ for construction contractors for SmartCentres VMC Terminal and Millway Avenue planned for Q3-2015.
- Construction to commence in spring 2016.

![Funding Sources Chart]

- Funding Sources:
  - TYSSE: $18.1M, 58%
  - York Region: $12.5M, 40%
  - SmartCentres: $0.5M, 2%
3.5 YONGE NORTH SUBWAY EXTENSION (YNSE) PROGRAM

Project Description

- This project relates to a proposed 6.8 km extension of the Yonge North Subway Extension (YNSE), from the existing Finch Station to the Richmond Hill Centre, plus the underground train storage facility north of Richmond Hill Centre.

Progress Status Update

- This project is included in Metrolinx’s Next Wave Projects.
4.0 PROCUREMENT ACTIVITIES

All tables express values exclusive of taxes.

4.1 AWARDED CONTRACTS – NEW

Contracts for a total of $215,000 were procured in Q1. The below table identifies a Categorized Summary of YRRTC Contracts Awarded – see Appendix 1 for details:

<table>

Procurement activities for Q1 were related to the Metrolinx Capital Program, Bus Rapidways & Stations (BRT) – only 3 contracts were awarded this quarter and there were no contracts over $100K.

At the end of this quarter, total project and contract commitments are $2.5 billion out of the funding availability of $3.2 billion.

- Metrolinx Capital Program of $1.8 billion – $1.2 billion or 68% committed
- Region Capital Program of $1.4 billion – $1.3 billion or 93% committed
4.2 AMENDED CONTRACTS - EXISTING

Total increases of $17,000 were made to existing contracts this quarter.

The below table identifies a Categorized Summary of YRRTC Contract Amendments – see Appendix 2 for details:

Note that the procurement for the Design-Build-Finance contract for the remaining of Highway 7 rapidway (H2) – which has a budgeted soft cap of $420.0M is being led by Infrastructure Ontario.

**4.4 UPCOMING PROCUREMENTS**

Several upcoming procurements are scheduled over the next 12 months, with contract awards valued at over $25 million. Significant procurement activities greater than $500K include:

- Metrolinx Capital Program:
  - Enterprise Dr. – Station Upgrades
  - Yonge St. BRT – Utility Relocations => Gas, Electricity & Telecom

- Regional Capital Program:
  - Facilities and Terminals
  - Cornell Terminal – Architectural and Engineering Consultant Services
  - Park ‘n’ Ride Facility at Hwy. 407 & Warden Ave. – Engineering Consultant Services
  - Overall Park ‘n’ Ride Facilities – Parking Implementation Program

The following table identifies a *Summary of YRRTC Procurements*, which is categorized by the anticipated project start date, but has not yet been advertised – see Appendix 4 for details:

5.0 FINANCIAL UPDATES

5.1 CAPITAL EXPENDITURES SUMMARY

Per the current Region’s Transportation Masterplan, YRRTC is the project manager for rapid transit infrastructure that has an overall funding of $3.2 billion. By 2020/2021, the Region will see the project delivery of:

- 34.7 km of dedicated bus rapidways with 41 stations – along Highway 7, Yonge St. and Davis Dr.
- 8.6 km of Spadina Subway extension to Highway 7 and west of Jane St., with 3 subway stations in York Region – Pioneer Village, 407 and Vaughan Metropolitan Centre;
- 1 Operations, Maintenance & Storage Facility at Headford Business Park (Leslie St./16th Avenue)
- 2 Bus Terminals at the Vaughan Metropolitan Centre (Highway 7 West/Jane St.) and Cornell (Highway 7 East/Ninth Line)
- 6 Park ‘n’ Ride Facilities
- 53 60-Foot articulated vehicles

Current Capital Program - $3.2 billion:

The total value of the capital programs being delivered carries a value of $3.2 billion, with the Region’s contribution at $510.4 million and the remainder funded by Senior Governments:

- Federal = 14% or $436.6 million
- Provincial = 70% or $2.2 billion
- York Region = 16% or $510.4 million

Capital expenditures were approximately $119 million year-to-date, bringing total expenditures to $1.7 billion since inception of the Capital Program. The main drivers of the expenditures were from:

- Bus Rapidways and Stations program – $72.9 million, driven by the finishing construction activities on Highway 7-East (H3), on-going construction activities along Davis Drive (D1) and Highway 7-West, Vaughan Metropolitan Centre (H2-VMC), and purchase of lands for Yonge St. (Y2.1 & Y2.2) and the remaining Highway 7 West (H2)
- Substantial Completion of the Operations, Maintenance & Storage Facility (OMSF) – $14.1 million
- Toronto-York Spadina Subway Extension (TYSSE) – $26.9 million, driven by the on-going construction of the project

** Expenditures includes Municipal/3rd Party costs but not recoveries
QUICKWINS – $67.6 MILLION

A total of $105.6 million was announced as QuickWins funding. Under this provincial announcement, this funding consisted of a $67.6 million in funds advanced and an additional contribution of $38.0 million – which was subsequently transferred and included in the Metrolinx Master Agreement of $1.755 billion.

Distribution of Funding by Program – $67.6 million:

The below table shows the project expenditures year-to-date and inception-to-date, and only relates to the $67.6 million funding announcement.

5.2 METROLINK MASTER AGREEMENT - $1.8 BILLION

Funding 100% of the Region’s current vivaNext BRT capital program, as per ‘The Big Move’ announcement for transportation infrastructure plan in the Greater Toronto and Hamilton Area (GTHA), the Metrolinx Master Agreement of $1.755 billion includes:

- $38.0 million in funding remaining from the original $105.6 million QuickWins announcement;
- $85.0 million for the Provincial ‘CSIF’ funding announcement; and
- Escalation relating to the $1.4 billion announcement.

With the Highway 7 East (H3) construction finishings, construction progressing along Davis Drive (D1) and Highway 7 West (H2-VMC), and land purchases for Yonge Street rapidways and remaining Highway 7 West (H2), the year-to-date expenditures were approximately $72.9 million, bringing the total expenditures to $755.8 million since inception of the program. The below table shows the project expenditures year-to-date and inception-to-date by rapidway, and provides a comparative versus the respective budgets.

Distribution of Funding by Program – $1.8 billion:

FEDERAL CSIF CONTRIBUTION AGREEMENT – $170.0 MILLION

The Federal Canada Strategic Infrastructure Fund (CSIF) contribution agreement, worth $170.0 million, was executed on March 15, 2011 – a 50-50 contribution partnership between the Federal Government and the Region.

With the construction for the Operations, Maintenance & Storage Facility completed March 30th – the year-to-date expenditures were $14.1 million, bringing the total expenditures to $151.7 million since inception of the program. Remaining construction invoices to flow in Q2. The below table shows the project expenditures year-to-date and inception-to-date, and provides a comparative versus the respective budgets.

5.3 TORONTO-YORK SPADINA SUBWAY EXTENSION PROGRAM – $1.1 BILLION

The total budget committed by the funding partners towards Toronto-York Spadina Subway Extension (TYSSE) is $2.6 billion, of which $1.1 billion worth of assets (40%) are being built in the Region:

- Region’s commitment to this program is $351.6 million, with the Federal government and the Province of Ontario contributing similar amounts for the Region’s share of $1.1 billion.

In addition, the Region has agreed to pay an additional $30.0 million in “Capacity Buy-In” to the Toronto Transit Commission, as per the Memorandum of Understanding (MOU) with the City of Toronto. As well, the Region has committed $13.7 million towards designing and building an interface-concourse (Viva Concourse), between the subway and the vivaNext station at Vaughan Metropolitan Centre (VMC).

Since the start of the program to now, the Region has contributed $229.3 million of the total construction costs, excluding the “Capacity Buy-In” and the interface-concourse (Viva Concourse).

The table below shows the project expenditures at the end of Q1 and inception-to-date:

5.5 OPERATING EXPENDITURES SUMMARY

Year-to-Date Net Operating Expenditures were ($1.4) million versus the approved budget of ($1.5) million – due to timing differences.

- **Gross Operating Expenditures were $4.6 million, offset by:**
  - Capital Recoveries of $2.8 million against the Metrolinx and Regional Capital Programs – staff and administrative costs, including office leases.
  - Revenues of $3.1 million from Development Charges and Federal Gas-Tax Revenues offsetting Financing Costs of $1.1 million for Debt Principal and Interest Payments.

6.0 COMMUNICATIONS

6.1 GOVERNMENT RELATIONS

- Work to secure funding sources for priority vivaNext projects per YRRTC’s 10-Year Business Plan (2015-2024) is underway. Current identified priorities, with an estimated value of $5.8 billion, are:
  - Capital Funding and Preliminary Engineering for the Yonge North Subway Extension
  - Unfunded rapidway segments on Highway 7 – from Highway 50 to Helen St. and Unionville Station to Reesor Rd.
  - Unfunded rapidway segment on Yonge St. – from 19th Ave. to Mulock Dr.

- 2014 Annual Report is now available on line for easy reference to stakeholders and interested parties - [http://www.vivanext.com/reports/](http://www.vivanext.com/reports/) – presented and received by the YRRTC Board of Directors and Regional Council.
6.2 COMMUNITY ENGAGEMENT

- Community Liaison staff continues to meet with stakeholders along the corridor and expand information sharing with business owners, property management personnel, the Markham Board of Trade, Richmond Hill Chamber of Commerce, Newmarket Chamber of Commerce and Vaughan Chamber of Commerce.
- Organized and/or participated in a number of public and community events and presentations to engage residents, the public and support communities and business owners as well as provide information.

**City of Vaughan**
- Vaughan Business Expo – Feb. 1
- Vaughan Business Owners – Project Overview – Feb. 6
- Vaughan Winterfest – Feb. 8
- YRT/Viva Vaughan – project information booth – Mar. 25

**Town of Newmarket**
- Presentation on rapidway construction to Newmarket Probus Club – Jan. 21
- Attended Newmarket Winterfest – Feb. 7
- Chamber of Commerce Business Lunch – Feb. 24
- Newmarket Public Library – project information booth – Feb. 10, Mar. 19
- Newmarket Home Show – Mar. 27-29

**City of Markham**
- Community Liaison continues outreach efforts through the final phase of construction which will be completed in the summer of 2015.

**Town of Richmond Hill**
- Richmond Hill Chamber of Commerce Gov’t Affairs Committee – Project overview - Mar. 6

**Other Municipalities & Stakeholders**
- Participated in the Professional Engineers of Ontario – Transit Symposium as a keynote speaker – Mar. 25
- YRT/Viva King City PIC – Project information booth – Mar. 30
- Aurora Public Library – YRT/VIVA PIC participation – Mar. 31
- Continued outreach for the Business Support program to all businesses within the H2-VMC rapidway project, including complimentary memberships to the Vaughan Chamber of Commerce.
- Engagement on social media (Twitter, YouTube, Facebook and blog) continues to be an effective communication tool, with a number of followers sharing views and comments.
