

City of Markham

Future Work

1. Leslie Street

Replace sidewalk with multi-use path from John Street to Highway 7. Detailed Design is in progress, and construction is expected to finish in 2018.

2. German Mills Settler's Park

Upgrade existing trail to paved surface.

3. 407-Overpass

Working with MTO and 407ETR to separate pedestrians and cyclists from traffic by installing barrier on bridge.

**All images are before photos of the existing route.*

The Region has initiated a detailed design assignment for Leslie Street, John Street and through German Mills Settlers Park from Highway 7 to Steeles Avenue. Construction is anticipated to start in 2017 and be completed in 2018
