## Minor Future Improvements

### Nokiidaa Trail Improvements

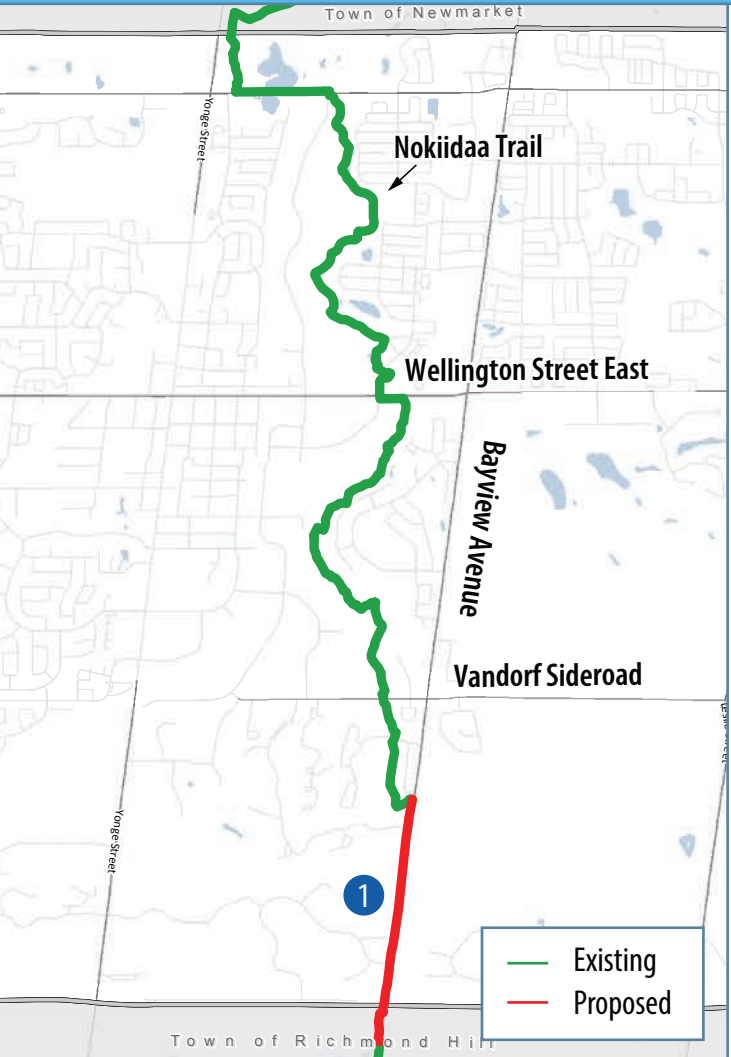

The majority of the Lake to Lake Route in Aurora runs along the existing Nokiidaa Trail. Improvements are being made to improve safety and accessibility of the Nokiidaa Trail.

1. Region to install enhanced pavement markings at St. John's Sideroad and Wellington Street East
2. Town of Aurora to improve trail crossing at Vandorf Sideroad

## Future Improvements

### 1. Nokiidaa Trail Extension Along Bayview Avenue: Options and Interim Actions

The Region and Town of Aurora are currently investigating design options to complete a missing link on Bayview Avenue from the existing Nokiidaa Trail terminus south of Vandorf Sideroad to new bike lanes on Bloomington Avenue. The recommended action is to construct a new multi-use path on the west side of Bayview in conjunction with a future road resurfacing project.

2017 Progress	Total Distance	Expected Completion
